Eighty Students Complete Courses in March C. G. Selvig Completes 17 Years as Supt.

The largest number of students of any previous year completed courses in March and were among the 80 graduates for the nineteenth commencement of the Northwest School. A total of 648 have now graduated from the three year course since the first class of 8 graduated in 1919. Of these 648 Mr. Selvig has presented the diplomas to 631.

The commencement exercises began this year March 20, with the commencement sermon given in Crookston by the Rev. Gilbert G. Curtis, who used as his subject, "Play the Man." On Monday evening the intersociety declamatory contest was held. Doris Olson, of Fertile, and Joseph Skatvold, Twin Valley, were the winners. Tuesday evening was given over to the annual reception by Congressman and Mrs. C. G. Selvig. The concert recital by the music department was given Wednesday evening, with Doris Olson, Fertile, Lillian Bakken, Erskine, and Joseph Skatvold, Twin Valley, taking part.

Commencement proper was held on Thursday, March 24. Classes were held during the forenoon so that visitors might observe the work of the school. The annual get-together dinner was held at noon. At the senior class exercises of the afternoon the address of welcome was given by Miss Laura Gerber and the senior advisor address by D. H. LaVoi. A demonstration on "The Appropriate Hat" was given by Sophie Breiland, Hazel and Nellie Strickler, Euclid. The senior class events were presented by Hannah Degerness, Gary, Gunda Gullingsrud, Nielsville, Ishmael Rynning, Kennedy, and Lawrence Spears,

Shooks.

In the evening the commencement address was delivered by the Rev. Lloyd H. Rising of the St. Anthony Park Methodist church, St. Paul, who spoke on "The Cost of Service." Other numbers on the program included two demonstrations. "The Mortgage Lifters," dealing with pork production, was given by Loren Parikin, Euclid, and Douglas Clark, Williams, and "Flowers for Interior De-

COMMUNITY CLUBS WILL VISIT NORTHWEST SCHOOL AGAIN THIS SUMMER

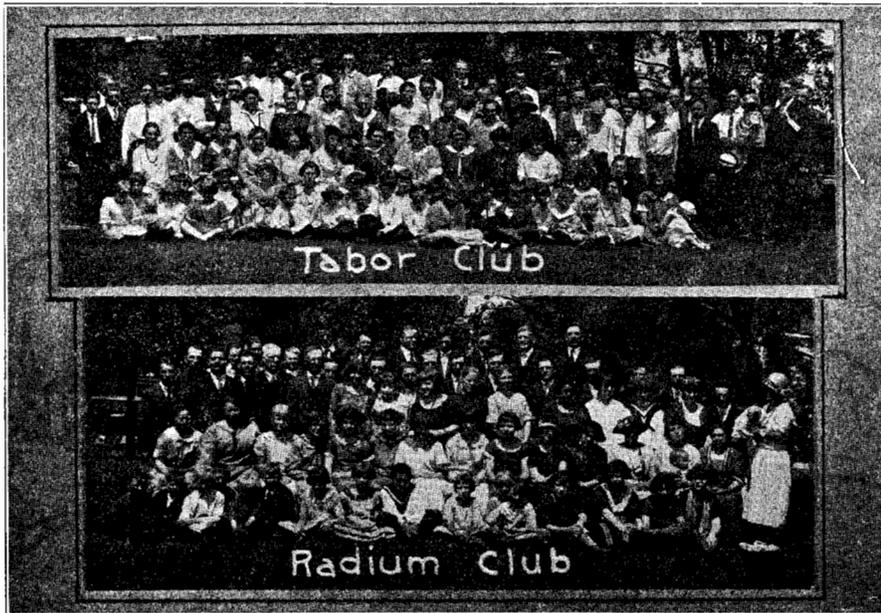

At the April and May meetings of Farmers' and Community clubs, dates will again be set for the Sixth annual visitations to the Northwest School and Station.

In 1922 the plan of having communities spend a day at the Northwest School was inaugurated and 400 from eight clubs visited that summer. Since 1922 from 30 to 40 communities have been represented annually, many of them including the visit as a part of the club program for the year. In 1926 there were 33 days set aside for such visits and 3529 from 35 communities were in attendance.

For the coming summer, June 24, July 12, 15, and 18 have already been reserved.

Communities planning to come should send in their preferences for dates soon, as it is planned to have only one locality scheduled for each day.

Details of the program and instruction to be offered this summer will be outlined in the May issue of the Northwest Monthly.

Thirty-five Similar Groups Visited the Northwest School During the Summer of 1926.

coration" was given by Ruby Hanson and Adeline Bunn, Euclid. The address by the class president was given by Arnold Aakre, Goodridge. The diplomas and awards were presented by Congressman C. G. Selvig.

DEATH CALLS FORMER STUDENTS

Former students will be grieved to hear of the death of Margaret Woods, at Winnipeg, on February 12, and of Russell Peterson at Pelican Rapids on January 27.

Both students had a great many friends while in school, and in addition to being good students took an active part in school activities and the

welfare of the institution.

Margaret Woods finished the three-year course in 1925 and was a member of the advanced class in 1926. Upon completion of her work she entered training as a nurse at the Warren hospital. She has just been transferred to St. Boniface hospital at Winnipeg and died suddenly as the result of an operation.

Russell Peterson attended the Northwest School in 1921-23. After leaving school Russell was employed in the West, and later returned to Pelican Rapids. On August 18, 1926, he was married to Miss Ida Berg, who survives him. Death came after a long sickness, on January 27.

THE NORTHWEST MONTHLY

Issued Monthly by
THE UNIVERSITY OF MINNESOTA
NORTHWEST SCHOOL OF
AGRICULTURE
C. G. SELVIG, Superintendent

OFFICE
Northwest Experiment Station,
Crookston, Minnesota.

A monthly publication in the interest of
agricultural education and home training for
Northwestern Minnesota.

GREETING

It is with pleasure that I write this word of greeting to the many friends of the Northwest School and Station. Your loyal support has been a big factor in the steady growth of this institution in the past, and I am sure that we will receive the same valued cooperation in the years to come.

Having but recently come to the Northwest School I am going to take the liberty of making certain comments in regard to the institution which might appear boastful to one who had played a part in its development. In the first place, no educational institution can hope to be greater than its teaching staff. Hence, any comments in regard to the growth of the School and Station would be incomplete without paying tribute to the untiring work of a loyal group of instructors. They have put forth every effort to give the students every possible opportunity for development during the few fleeting years they were here. They have gone beyond the classroom in an endeavor to be of service to the entire northwestern part of the state. This has been accomplished through the research work carried on at this Station. Thus through the classroom, the Experiment Station, Short Courses, Community Club tours and picnics, outside meetings and fairs, and in countless other ways, the faculty of the Northwest School and Station has been a most important factor in the development of the territory served by this institution. It is indeed gratifying to me to know that with very few exceptions the teaching staff of the past year will be here next fall to greet both new and old students.

During the past several years I have had occasion to work in most of the counties in the Red River Valley. Upon every visit I was impressed with a certain spirit of loyalty and cooperation that seems to be typical of the people of this country. This is an asset of unmeasured value which should be encouraged in every possible way.

In taking up our duties at the Northwest School and Station, we have appreciated the very warm welcome we have received on every hand.

In conclusion, I wish, on behalf of the Northwest School and Station, to extend to all a hearty invitation to visit us at any time.

A. A. DOWELL.

FAREWELLS TO THE SELVIGS

On three occasions at the close of the school year faculty and students in various ways showed their appreciation of the work Mr. and Mrs. Selvig have done during the seventeen years of service at the Northwest School.

The first meeting was a banquet given by the faculty with Mr. and Mrs. Selvig, Helen and George as honor guests. After a program of toasts, presentation was made of a silver service set as a reminder of the days spent at the Northwest School.

On March 20 the class of 1926 unveiled an oil painting of Mr. Selvig as their class memorial to the school. The portrait had been painted by Mr. Arne Berger, noted artist of Minneapolis. The memorial was unveiled in the dining hall by R. S. Dunham, class advisor for the class of 1926.

At the conclusion of the commencement exercises Arnold Aakre, president of the Senior class, in behalf of the student body, presented Mr. and Mrs. Selvig with an addition to the silver service set given by the faculty.

At all these events tribute was paid Mr. Selvig for his untiring efforts in promoting the work of the Northwest School and the Red River Valley. Mention was made of his kindly interest shown towards his faculties and the students. In his responses Mr. Selvig said the honors could not be accepted as personal honors but rather as expressions of approval of policies and results that have come thru cooperation of many agencies, not only in the school itself, but thru the entire Northwestern Minnesota. Mr. Selvig said he hoped there would continue to come to the Northwest School a group of serious minded young men and young women who believed in the farm and life in the rural communities, that the alumni would continue to keep close to the school and station and reflect in the communities the ideals which the school has tried to place before them, and finally that the school and allied institutions would continue to receive the cooperation which has been so noticeable and productive of such worthwhile results.

SHORT COURSE WELL ATTENDED

The sixteenth annual Junior Short Course was attended by 230 boys and girls coming from 14 counties and represented 52 different localities. The largest delegation came from Angus, although Gentilly, Maplebay, Perley, Fertile and Gary also sent large groups.

The week was given over to instruction in boys' and girls' club work, practical training in questions dealing with the farm, the home and the school, together with special work in leadership under the direction of H. A. Pflughoeft, district club leader.

The forenoons were devoted to class work, the afternoons to demonstrations, contests, excursions, games and recreation. The evening program included "Applesauce," the senior class play, music appreciation, a health fashion show, a health circus, readings by Miss Ann Simley, community

singing and movies.

One feature of the week was the editing of a daily paper with Miss Edna Bowling, of the Farmers' Wife, St. Paul, in charge. This was called "The Short Course Crier," and was filled with the daily happenings of the short course as reported by the boys and girls themselves.

In addition to the regular members of the school faculty there were a number of specialists present. Among these were Miss Gladys Coon, of the National Dairy Council, Chicago, who presented several talks on health and staged a fashion show and a circus; Miss Edna Bowling gave instruction in newspaper writing; Miss Fanny Buchanan, of the Victor Talking Machine company, Camden, New Jersey, gave demonstrations on music appreciation; A. J. Kittelson and Miss Mildred Schenck were the club leaders from St. Paul. The dates for the seventeenth annual short course are March 26-30, 1928.

LARGE NUMBER MAKE HONOR ROLL FOR TERM

That the year just past has been an outstanding one from the standpoint of scholarship is shown by the large number of students who made the honor roll for the term. The scholarship of the entire student body was higher than for any other year.

The list of students on the honor roll for the second term is as follows:

ADVANCED

Elmer Anderson, Clearbrook; Inger Lundin, Winger; Orlando Rudser, Leonard; Stanton Rudser, Leonard; Phinney Stenborg, Clearbrook.

SENIORS

Arnold Aakre, Thief River Falls; Rolf Anderson, Fisher; Adeline Bunes, Eldred; Hannah Degerness, Gary; Clara Gunuison, Fertile; Ralph Hamrick, Angus; Ruby Hanson, Eldred; Elmer Hedstrand, East Grand Forks; Melvin Hole, Dalton; Gladys Huartson, Gatzke; Maurice Lillo, Oklee; Randolph Ostlie, Montevideo; Kenneth Parduhn, Cedar Bend; Eldor Pederson, Angus; Ishmael Rynning, Kennedy; Otto Saugen, Thief River Falls; Glenn Smith, Bluffton; Lawrence Spears, Shooks; Arthur Stordahl, Gatzke; Nellie Strickler, Euclid; Ivan Suchomel, Ogeema; Carl Widseth, Gonvick.

JUNIORS

Lillian Bakken, Erskine; Selma Beiswenger, Kratka; George Berggren, Greenbush; Oscar Bestland, East Grand Forks; Esther Blair, Bagley; Laura Buck, Crookston; Theodore Carlson, Hallock; Irvin Flynn, Leonard; Ethel Harris, Crookston; Carl Hogenson, Winger; Harold Johnson, Radium; Manley Larson, Twin Valley; Gladys Moen, Shelly; Alta Morrill, Browns Valley; Oral Oraas, Clarkfield; George Roisum, Bagley; Irma Ross, Crookston; Albert Sandal, Syre; Arthur Sandal, Syre; August Thorkelson, Middle River; Chester Torgeron, Fergus Falls.

FRESHMEN

Evelyn Bain, Baudette; Harold Cordes, Henning; Marian Dahlberg, Clearbrook; Earl Ellinger, Crookston; Gordon Ellinger, Crookston; Lawrence Elton, Hawley; Henning Erickson, Twin Valley; Harvey Evenson, Climax; Estelle Filipi, Angus; Mabel Fletcher, Bagley; Arthur Froiland, Plummer; Anna Hanson, Stephen; Sanna Hanson, Wanke; Florence Hanson Mentor; Anna Heddan, Stephen; Irma Hoppe, Crookston; Orville Ingebretson, Ulen; Harvey Johnson, Rollag; Winton Knutson, Thief River Falls; Madeline Kopecky, Angus; Fordyce Larson, Ulen; George Larson, Crookston; Emma Letnes, Thief River Falls; John Letnes, Thief River Falls; Lauritz Mikkelsen, Hawley; Lawrence Newhouse, Crookston; Elias Norne, Winger; Gaylord Odegaard, Detroit Lakes; Charley Olson, Erskine; Pearl Pearson, Middle River; John Pearson, Middle River; Walter Ross, Crookston; Ruth Sintak, Tabor; Juel Stephenson, Pelican Rapids.

WINTER SHOWS A SUCCESS.

The 1927 Northwest School Farmers' Week and Women's Meetings and the Red River Valley Winter Shows have passed into history. Undaunted by rather severe winter weather and two storms, many thousands of people came from all parts of northwestern Minnesota and eastern North Dakota to view the exhibits and to attend the meetings. The following paragraphs taken from February 19 issue of The Farmer express what has taken place in connection with these meetings and shows:

"Northwestern Minnesota is doing a fine piece of constructive development work through the annual Winter Crop and Livestock Shows at Crookston, in connection with Farmers' Week and Women's meetings at the Northwest School of Agriculture. Probably no single agency has done as much to arouse and foster interest in a more diversified and properly balanced type of farming in the Red River Valley."

"The writer's visit to the show and meetings at Crookston last week was his first visit in four years. The expansion of the show during that period has been steady, and significant of the change which is gradually taking place in the agriculture of that territory. The show reflects the trend toward better breeding and better conditioning of the livestock exhibited, and toward a constant improvement in the quality of grains and grasses produced in the Valley."

"It was sixteen years ago that the first of these winter shows was held at Crookston. Starting in a small way to develop the right type of farming for that territory, it has spread out until it commands attention of farmers far beyond the confines of the Red River Valley. Last week, for instance, there were stock judging teams from four other Minnesota agricultural schools, Manitoba and North Dakota, and breeders present from all parts of the state.

Crop Varieties Increase

Increased acreages of alfalfa, sweet clover, corn, the development of a sugar beet industry that promises to grow in importance, and an astonishing development of the dairy, sheep, and swine industry are some of the indirect results of Red River Valley Shows and meetings. Directing this promotional work all these years has been C. G. Selvig, superintendent of the Northwest School and Experiment Station, recently elected to Congress from that district. At all meetings last week, praise of Mr. Selvig's leadership was sung by all those who know him.

"But, let it be understood that I am not responsible for the success and development of these shows," he modestly said at a meeting attended by business men and farmers from all over the Valley. "Success has come through the finest type of cooperation from people living in all the thirteen counties comprising the Minnesota Red River Valley. They have contributed their time and their money. And don't forget that the county boards in each county are giving from \$75 to \$500 each to this show, that

the Legislature is allowing appropriations now totaling \$5,700, all of which goes to provide the premiums which encourage our farmers to produce finer and finer exhibits. Business men and farmers of the Valley have also invested \$73,000 in buildings, against which there is an indebtedness of only \$8,000."

RURAL SCHOOLS APPRECIATE SPELLING CONTEST

At a meeting of the County Superintendents on February 11, I. S. Hov, Polk county, and Nels M. Engen, Marshall county, were appointed on the Rural School Spelling contest committee.

A resolution received from the secretary, Miss Erba Pouliot, Red Lake county, states that the Rural School Spelling contest has promoted good work in spelling throughout the Northwest. In conclusion the resolution states, "It is gratifying for those in school work to know that the Winter Shows Management have had the interest of the rural boys and girls at heart, as shown in sponsoring this educational project in addition to their already wide field of activities."

WOMEN'S CAMP JUNE 20-23

The dates for the second annual Women's Camp at the Northwest School have been tentatively set for June 20-23. The Camp will serve as a period for rest, recreation and instruction for women of Northwestern Minnesota. The instruction will all be given in the form of demonstrations and will deal with the home and the community. Those who come will live at the school, and the association with so many women from different communities is one of the chief benefits of the Camp. This preliminary announcement is made in order that plans may be made by those who would like to attend. The program will be more fully announced in the May and June Northwest Monthly.

SCHOLARSHIP AWARDS ANNOUNCED FOR 1926-27

Through the Caleb Dorr scholarship fund of the University of Minnesota the Northwest School each year is able to announce awards for special achievements with prizes from \$5 to \$75. Those who were awarded prizes the past year were:

Progress in Scholarship: Seniors—Ishmael Rynning, Kennedy; Hannah Degerness, Gary. Juniors—George Roisum, Bagley; Alta Morrill, Browns Valley; Freshmen—Lauritz Mikkelsen, Hawley; Emma Letnes, Thief River Falls.

Home Projects: Carl Widseth, Gonvick; Vivian Olson, Thief River Falls.

Music: Voice—Doris Olson, Fertile; piano—Lillian Bakken, Erskine; violin—Oscar Norbom, Clearbrook.

Declamation: Sanford—Elida Erickson, Clearbrook; Home Economics—Doris Olson, Fertile; Pioneer—George Roisum, Bagley; Agrarian—Joseph Skatvold, Twin Valley—Lincoln—Wesley Sheldrew, Oregon City, Oregon.

Debating: Elmer Anderson, Clearbrook; Carl Widseth, Gonvick; Otto Saugen, Thief River Falls; Loren Parkin, Euclid; Mabel Fletcher, Bagley; Melvin Hole, Dalton.

Some of the other announcements were:

Spelling Champion of the School—Anna Heddan, Stephen.

Arithmetic Champion—Bennie Strickler, Euclid.

Blacksmithing Champion—Martin Odlund, Verndale.

Stock Judging Champion Team—Freshmen composed of Juel Stephenson, Pelican Rapids; Harvey Evenson, Climax, Stanton Gandrud, Detroit Lakes.

Winners in the interclass field meet were: Seniors first, freshmen second, and juniors third.

Basketball awards were given to Joseph Skatvold, Twin Valley; Karrol Gandrud, Detroit Lakes; Earl Luchau, Gary; Olaf Stenborg, Clearbrook; Randolph Ostlie, Montevideo; Chester Engman, Hallock; Elmer Hedstrand, East Grand Forks; Ralph Hamrick, Angus; Russell Younggren, Northcote; Erling Gordon, Shevlin, and honorable mention to Chester Torgerson, Fergus Falls, and George Berggren, Greenbush.

CUTTINGS AND TREE SEEDS TO BE DISTRIBUTED

The 7500 willow cuttings sent out to seventy-five cooperators in 1926 made a good showing in spite of the dry season. An average of over 50% of the cuttings grew and made trees which will be satisfactory for permanent planting this spring.

The golden and white willow cuttings were sent out at the cost of postage to demonstrate how easily wind-break trees could be started. Cuttings will be available again in 1927 for those wanting a start with willows. In case a good crop of the seed is obtained this season, seed will be sent out next season.

Only one hundred willow cuttings will be sent to any one address in 1927. The cost for mailing and wrapping will be ten cents per 100.

A limited number of rooted gooseberry layers of desirable varieties will also be available for distribution to cooperators this season. Each cooperator will be limited to one yearling layer or two last season layers. A ten cent charge for mailing and wrapping will be made for the gooseberries, the cooperator agreeing to furnish reports when called for.

Address all inquiries for plants to Horticulturist T. M. McCall, Northwest Station.

FARMERS' CLUB BUYS STOCK

The Brandt-Helgeland Farmers' club have recently added another matter to their list of projects for community betterment. Their latest action is the purchase of a share of stock in the Red River Valley Livestock association, according to the secretary, W. J. Durbahn.

The Brandt-Helgeland Farmers' club is one of the oldest in Polk county. Its members come from the two townships included in the name of the club. Not only has the club brought about a fine feeling of cooperation in the community, but it has encouraged all those things which make farm life worth while. Their social meetings, the annual picnic, the annual visitation to the Northwest School each summer, and the encouragement of better schools, club work and the farm bureau are all matters which give the Brandt-Helgeland club a record of achievement.

AGRONOMY BRIEFS

The appropriation for the Minnesota Crop Improvement association has passed the Senate Finance Committee and the Appropriations Committee of the House. It now rests upon the decision of the Governor.

Those having Ceres wheat or Hull-less oats should be sure to treat for smut with copper carbonate or formaldehyde. Copper carbonate is preferable. Use from 2 to 3 ounces of dust per bushel, depending upon the amount of smut present.

Minnesota farmers have indicated an intention to increase the acreage of durum wheat 30 per cent this year.

On old ground where weeds may be troublesome, a wheat and flax mixture will keep down weeds. Sow from 15 to 30 pounds of wheat with a half bushel of flax. Marquis wheat and a wilt-resistant flax are recommended.

Two new varieties of wheat receiving considerable attention are Axminster and Garnet. Both are Canadian wheats and neither one is recommended for this section by the Manitoba Agricultural College.

The supply of good seed corn is rapidly being sold. Only a few sources of acclimated seed are now left. Even for silage, southern corn should not be used. One variety tested last year contained nine tons of water in eleven tons of green corn.

CLUB MEMBERS BOOST THE SHORT COURSE

Four-H club members who did not attend the Junior Short Course at the Northwest School during the week of March 28-April 1, certainly were the losers by it. It was one of the finest short courses in many ways ever put it such a profitable and enjoyable one at the school. Those present found week that they were reluctant to leave for home on Saturday morning. If you are a club member and have not attended one of these Short Courses, make your plans now to attend next year.

The Advanced Bread Baking contest was conducted on Thursday of the Short Course Week. Seven teams were represented from the following counties: Beltrami, Hubbard, East Ottertail, West Ottertail, Clay, Kittson, and Becker. The fourteen girls making up these teams were outstanding club members. The Fergus Falls team won out in a close contest. The members of this team were Bertha Christopherson and Bertha Strande. The two star demonstrators were Lorna Griffin, Hallock, and Twylah Plummer, of Hawley. Both of these girls received a silver bread tray from the Russell-Miller Milling Company, Minneapolis, who also paid the railroad fare and expenses for one day of all the teams taking part. This company will also pay the railroad fare of the winning team to the Minnesota State Fair.

A class in leadership was conducted throughout the week for the older club members and local leaders. On Thursday a number of county agents and local leaders were present at an adult leaders' conference. Ruth and Lorna

Griffin gave their bread demonstration before the assembly in order that all the boys and girls in attendance might see a good demonstration.

STUDENTS ENROLL IN LEADERSHIP PROJECTS

Many of the Northwest School students have enrolled in the Leadership project and will assist in organizing boys' and girls' clubs, young people's societies, farmers' clubs, lone scouts and other community activities.

Some of these have already gotten their boys' and girls' clubs organized for the summer. Arthur Johnson, at Callaway, will have a large enrollment. The Roseau Times Region for April 8, stated, "Boys and girls in the Salol community have the distinction of organizing the first Boys' and Girls' club in the county this year. The club was formed this week under the supervision and leadership of Harold Roadfeldt." Loren Parkin at Euclid is also getting his boys and girls organized.

GOOD ASSEMBLIES HELD

During the month of February and early March there were a number of outstanding assembly exercises that have been greatly appreciated by the students.

Among these meetings were those given by Captain E. G. Forster, Canada; Mrs. DeEtte Cenfield Genung; C. N. Roberts, St. Paul; Dr. O. G. Libby, Grand Forks; N. A. Thorson, Crookston, and Chas. Loring, Crookston.

The address by Captain E. G. Forster dealt with the conservation of wild life as it is being carried on in Canada. Mrs. Genung, of the English department, gave two travelogs of her trip to the Philippines and around the world. The address by C. N. Roberts, of the State Forestry department, was an illustrated lecture of the forestry and wild game problem of Minnesota. Dr. O. G. Libby, historian of North Dakota, traced the early history of the Great Plains from the time of the ice sheet until the coming of the white man. N. A. Thorson explained the old folk lore songs of Norway and Sweden and sang several groups to illustrate his address. The address by Mr. Loring explained the Chinese and Far East situation.

PERSONALS

Miss Bernice Nolan, a former member of the faculty, attended the exercises when the portrait of Mr. Selvig was unveiled, March 20. Miss Nolan is teaching in Ely and plans to leave for the West this summer.

Since the close of school, Miss Ann Simley, head of the English department of the Northwest School, has been filling a number of dates in Northwestern Minnesota. Miss Simley gives an evening's entertainment of the readings which have been enjoyed by the students the past year. Miss Simley will remain in Northwestern Minnesota until she has completed her bookings and will then continue her graduate work at the University of Wisconsin, this summer.

Announcements were received April 12 of the marriage of Miss Ruth Gur-

ley to Mr. Barnard Canby Hutchinson, at New Hampton, Iowa, on April 9. They will live at 515 Buchanan Street, Gary, Indiana. Miss Gurley has been the head of the music department at the Northwest School for the past two years.

Phinney Stenborg, '26, will be the tester for the newly organized Cow Testing association at Bagley.

BULLS FOR SALE

by
Northwest Experiment Station
Crookston, Minn.

HOLSTEINS

The sire of all the Holstein calves listed is Grahamholm Colontha De Kol 288675, a son of Dutchland Creamells Colontha Lad 165049. His dam is De Kol Burke Kappine 115352, with a yearly record as a 13 year old cow of 23393.5 lbs. of milk and 929.37 lbs. of butter.

1. Calved October 12, 1926.
Dam—Nelita Korndyke Pietertje 997095. The sire of the dam is Sir Pietertje Mamselle Ormsby 358486, whose dam, Mamsell Johanna 390124, is famous for her production of 1317.53 pounds of butter from 31515 pounds of milk at four years of age. Dam freshened as a senior yearling.
Price \$100.00

2. Calved Oct. 27, 1926.
Dam—Johanna Ormsby Albn 938204. The sire of dam is Ormsby Albn 344640 by Sir Ormsby Pietertje Banostine 220101 out of the great show cow, De Kol Albn Princess 2 D 339210.
Official record at 2 years for 305 days—12487.1 pounds milk, 538.6 pounds butter.
Price \$100.00

3. Calved Dec. 9, 1926.
Dam—Northwest Korndyke Ormsby 929024. The dam is sired by Sir Pietertje Tritomia Ormsby (276949), a son of 41st, out of a 1000 lb. granddaughter of Sir Pietertje Ormsby Mercedes 44931.
Official record at 2 years for 305 days—11612.8 lbs. milk, 521.95 lbs. butter.
Price \$100.00

4. Calved Dec. 13, 1926.
Dam—Queen Ormsby Banostine Johanna 665876.
The dam is a granddaughter of Sir Pietertje Ormsby Mercedes 41st 132723. Her official record as a two-year-old for 305 days is 11133.9 lbs. milk, butter 512.45 pounds.
Price \$100.00

5. Calved Dec. 23, 1926.
Dam—Pietertje Douglas Ormsby 920908. The dam is sired by a son of Sir Pietertje Tritomia Ormsby 276949 (see No. 3 above).
Official record at 2 years for 305 days—milk, 11870 lbs; butter, 436.02 lbs.
Price \$75.00

GUERNSEYS

Sire of calves is Craigmour Bruce 37090.
1. Calved October 4, 1926.
Dam—Freda's May Rose 7977.
Dam does not have an official record. Dam has a 365 day barn record on twice a day milk as a Junior three-year-old of 6574.7 pounds of milk; 381.43 pounds of fat.
Price \$100.00

2. Calved November 2, 1926.
Dam—Silverlight May Rose 196038.
Dam is a granddaughter of Freda's May Rose 7977.
Milk record November 2, 1926, to April 1, 1927—Milk, 2929.7 lbs.; fat, 144.6 lbs.
Price \$75.00

SHORTHORN HERD SIRE

1. Choice Again 1123945. Color, roan. Calved Mar. 31, 1922. This is the herd sire that has been used in the station herd for the past four years. Several of the get of this bull are in the station herd; his get are a good indication of the breeding ability of the bull.

This bull is an excellent individual for straight Scotch breeding.

He is sired by Cumberland Matadore 926116 by Choice Cumberland 410399, out of Cumberland Flower 64386. Dam, Lady Cumberland 3D769696, by Choice Cumberland 410399, out of Lady Belle 7th, 85152. This bull is half brother to the twice grand champion at the Minnesota State Fair.
Price \$250.00
