

# THE NORTHWEST MONTHLY

Published Monthly by the Northwest School of Agriculture of the University of Minnesota, Crookston. Entered as second class matter, December 2, 1916, at the Post Office at Crookston, Minnesota, under the Act of August 24, 1912.

VOL. XIV.

CROOKSTON, MINNESOTA, NOVEMBER, 1930.

NO. 12.

## New Physical Education Building Dedicated Home Coming Celebration Huge Success Aggies Defeat Morris 20 to 0

The dedication of the new Physical Education Building, and the inspection of the new library, auditorium and service rooms in Kiehle Building, together with the prospects of a thrilling football game with the Morris Aggies, drew the largest Home Coming crowd that ever assembled on the Northwest School campus. No doubt, much of the success of the day was due to the hearty cooperation of the weather man, for it was one of those rare October days—that would bring joy to the hearts of any Home Coming throng.

### Impressive Dedication Program

The day's activities opened shortly after noon with the dedication program, which was held in the gymnasium room of the new Physical Education building. A temporary stage, appropriately decorated with flags, and a profusion of flowers from the Station greenhouse, was erected for the convenience of the speakers.

Following the Invocation by Reverend F. J. Hibbard, Honorable J. E. Sundberg, Kennedy, member of the University Board of Regents, officially presented the new building to the Northwest School. Dean W. C. Coffey's appropriate speech of acceptance appears in full in this issue of the Northwest Monthly.

The address of the day was delivered by Mr. James C. Lawrence, assistant to President L. D. Coffman of the University of Minnesota. Greetings were also extended by Congressman C. G. Selvig and Dr. O. E. Loeken, mayor of the City of Crookston. The impressive ceremony, which will long be remembered by all who were privileged to attend, closed with the Benediction by Rev. C. G. Hohn.

### Visitors Inspect Swimming Pool

Before leaving the building, the guests inspected the shower, locker and other service rooms on the ground floor, together with the beautiful 24x60 swimming pool, which will be completed within the next few days.

### Aggies Win From Morris 20 to 0.

Promptly at three o'clock, Coach R. (Continued on Page 2)

### IMPORTANCE OF PHYSICAL EDUCATION

By Dean W. C. Coffey

This Physical Education Building, which we are most happy to receive, is to serve a useful purpose in the rural life of Northwest Minnesota. If it had been asked for twenty-five years ago, it would not have been given. A request for it would have seemed absurd. No educator would have had the temerity even to suggest that such a building ought to be provided for. If he had made any such suggestion, he would have been answered by a loud chorus demanding to know what need have country boys and girls for facilities for physical development? What need have they for play houses? What need for emphasis on sports in their case? Is not their mission to work indoors and out? Do they not get work aplenty for physical development? Why put such foolish ideas as games and sports into their heads and thereby help to spoil them?

But we have changed. This building is ample proof of it. Fifty years ago it would have been difficult to persuade any considerable number that an educational institution like this school could function efficiently in behalf of agriculture. In those days we thought brawn was the prime requisite for farming. If a man possessed a strong back and powerful hands, he was equipped to farm. That idea is permanently in the discard. We now realize that it takes both brains and brawn to farm and more brains than brawn. And this Physical Education Building is to serve both the brain needs and the brawn needs of the farm youth who come here for training. We have come to see that there is a relationship between healthy bodies and healthy brains, and that bodily neglect can also be brain neglect. We have also come to the realization that the physical exercise the farm boy and girl gets, valuable as it may be, is not necessarily a complete recipe for perfect physical development, that oftentimes there are physical imperfections in the youth

### AGGIES ANNEX FOOTBALL CHAMPIONSHIP

When the curtain came down on the 1930 football season, Coach Christgau's gridders found that they had scored three victories, two defeats and one tie. They had also annexed the state agricultural school title as a result of their victories over the West Central School, Morris, and the North Central School, Grand Rapids. The third victory was gained at the expense of the Park Region Luther College of Fergus Falls. The two defeats handed the team were administered by the Thief River Falls High School and Bemidji State Teachers College, while the clash with Red Lake Falls ended in a scoreless tie.

The first game of the season was played with Red Lake Falls and resulted in a 0-0 tie. With only a week of practice and with considerable new material on hand, Coach Christgau was anxious to see the new men under fire. Letter men were used only in the closing minutes of play. The light but speedy Red Lake Falls team held the Aggie reserves well in check and neither team threatened to score.

On October 11, the Aggie warriors crushed the Park Region Luther College eleven at Fergus Falls by a score of 18-6. The Park Region team scored in the first quarter by virtue of a pass, but in the second quarter, the Aggies tied the count when Fisher, fullback, plunged over the line. In the third stanza, Fisher intercepted a Park Region pass and ran 45 yards before he was downed. Following a series of line plays, Johnson, halfback, chalked up the second touchdown for the Aggies. In the last quarter the Christgau men scored their third touchdown when Fisher broke through the Park Region line and ran sixty yards before being downed. Following this remarkable run, Johnson scored his second touchdown of the game.

In the third game of the season, the Aggies suffered their first defeat when the Thief River Falls eleven emerged victorious in the closing minute of play

Issued Monthly by  
THE UNIVERSITY OF MINNESOTA  
NORTHWEST SCHOOL OF  
AGRICULTURE

A. A. DOWELL, Superintendent

OFFICE  
Northwest Experiment Station,  
Crookston, Minnesota.

A monthly publication in the interest of  
agricultural education and home training for  
Northwestern Minnesota.

### DEDICATION ADDRESS

By James C. Lawrence

The success of the Schools of Agriculture associated with the University of Minnesota is unique. Similar institutions have been founded and every effort has been made to foster them in many other states. Minnesota today is the only state of the Union where such schools not only are holding their own, but are doing an increasingly useful and satisfactory job.

The reason for this may be found in the fact that in Minnesota, sooner than in any other part of this country, the people of the state have passed through the pioneer stage when progress was achieved by motion, when the essential step in striving for better things was migration from the old world to the new or from an old part of the United States to this new part of the United States. The fine fruits of the pioneer spirit persist in our state, are valued by the sons and daughters of this community, and we trust always will continue to be exemplified in the lives of those of us to whom the heritage of the pioneer is entrusted.

But after the promised land has been reached, the restless urge of the migrant sooner or later must give way to the production enthusiasm of the citizen who says, "Here I am and here I stay." The success of the Schools of Agriculture in Minnesota can be traced directly to the fact that men and women on many of the farms of this state have had a superior vision and have been free from much of the confused longing for something that is not here which disturbs so many members of the second or third generations in pioneer lands. In all other states, except Minnesota, the children and grand children of pioneers still seem to want to move from the country to the city, from their own state to some other state, long after the reasons for pioneering have ceased to exist and when the reasons for migratory restlessness, which were the most valid thing in the world for our grandparents, no longer have anything to do with the achievement of real progress today and tomorrow, here and now.

To our grandparents quite properly the first step towards progress was expressed by the phrase, "Let's go," the challenge to us is expressed in the phrase, "Let's grow." We are called upon not to move around, but to put down our roots; we must push not out but up.

The young women and young men who come to Minnesota schools of agriculture have their roots down on the farms of the state of Minnesota. More than 95 per cent of the graduates of our schools of agriculture have gone back to the farms of this state, have stayed on those farms, and in so doing have made a brilliantly progressing and truly inspiring contribution to the growth of the state.

### SUCCESSFUL PARENTS' DAY

Faculty and students were hosts to two hundred and fifty Fathers and Mothers who came from twelve Northwestern counties and eastern North Dakota to attend the annual Parents' Day reunion on November 1.

The forenoon was devoted to the visitation of classes and to an inspection of the school and station buildings and equipment. At noon the visitors were guests of the students at the annual Parents' Day dinner in the School dining hall.

Other features of the day included a special students' assembly program, and the inspection of the more than one hundred home project exhibits representing work completed by the students at home during the summer months, under the direction of home project leaders E. R. Clark, R. J. Christgau, and Miss Retta Beede.

During the afternoon coffee hour, parents had the opportunity of meeting the faculty, together with their wives, and of exchanging greetings with other parents from all parts of Northwestern Minnesota. Many remained for the Halloween party, which was held in the new Physical Education building during the evening. This program was sponsored by a committee of the faculty composed of R. S. Dunham, chairman; J. W. Mlinar, E. L. Ocock, R. H. Connery, Misses Cynthia Weinberger, Hildur Peterson, Fae Hughbanks and Grace Warne.

Ideal weather and excellent roads were important factors in making this the most successful Parents' Day, from the standpoint of attendance, since this feature was established eleven years ago.

### NEW PHYSICAL EDUCATION BUILDING DEDICATED

(Continued from Page 1)

J. Christgau's Aggie warriors trotted out on the field for the annual clash with the Morris Aggies. From the opening kickoff, it was evident that the local team would be satisfied with nothing short of victory, for they were still smarting under the defeat suffered at the hands of the Morr's Aggies one year ago. Although Coach Heine's squad played their usual fast, clean game and offered stubborn resistance throughout the game, Christgau's men would not be denied, and succeeded in crossing the Morris goal three times with the score standing at 20 to 0 when the final whistle blew. It was a fitting climax to the greatest Home Coming celebration ever staged at the Northwest School.

### Morris Aggies Attend Alumni Dinner

Following the football game, members of the Morris team were honor guests of the school at the annual Alumni dinner. Brief addresses were given by Coach A. C. Heine, Coach R. J. Christgau, Lawrence Peterson, Gary, Aggie captain; the captain of the Morris team; Dean W. C. Coffey, and prominent alumni.

The evening was devoted to a dance and party with Mr. A. M. Foker, Mr. S. A. Anderson, and Miss Rose Polski in charge of the former, while Mrs. De-Elte Cenfield Genung, Miss Ruth Sheldon, and Mr. George Wight, supervised the party. Much to the surprise of everyone, the large home coming crowd taxed the new basketball floor almost to capacity.

### OFFICERS ELECTED BY SCHOOL ORGANIZATIONS

Early in the term, members of the various school organizations met for the purpose of electing officers for the school year. Election results were announced as follows:

**Y. M. C. A.:** John Pearson, Middle River, president; Lester Tangjerd, Bagley, vice president; Lawrence Omundson, Radium, secretary.

**Y. W. C. A.:** Ann Brandli, Warroad, president; Orpha Johnson, Hawley, vice president; Tumina Slette, Twin Valley, secretary-treasurer.

**Agrarian Society:** John Pearson, president; Clinton Donley, Fergus Falls, vice president; Rishton Bedard, Northcote, secretary; Lawrence Elton, Hawley, sergeant-at-arms.

**Lincoln Society:** Lawrence Omundson, president; Norman Moen, Gary, vice president; Raymond Peterson, East Grand Forks, secretary-treasurer; Arnold Strand, Twin Valley, sergeant-at-arms.

**Pioneer Society:** Kenneth Flom, Twin Valley, president; Clarence Peterson, Hawley, vice president; Daniel Letnes, Crookston, secretary; Clarence Nelson, Twin Valley, sergeant-at-arms.

**Athenian Society:** Ann Brandli, president; Anna Thoreson, Littlefork, vice president; Dorothy Glass, Mentor, secretary-treasurer.

**Sanford Society:** Johanna Caudle, Crookston, president; Emma Krogsstad, Fertile, vice president; Ruby Ferry, Hendrum, secretary-treasurer.

### REFERENCE WORKS PRESENTED TO LIBRARY

Forty-six volumes of the Library of the World's Best Literature, Ancient and Modern, by Charles Dudley Warner, editor, and Hamilton Wright Mabie, Lucia Gilbert Runkle, and George Henry Warner, associate editors, were presented to the Northwest School during the past month by Mrs. A. A. Miller, Crookston. According to Registrar J. W. Mlinar, this fine collection of reference works will add much to the usefulness of the library, which is rapidly becoming one of the most important departments of the school.

Alumni will recall that the new library and reading rooms were occupied for the first time on Home Coming Day.

## WINTER SHOWS DATES ANNOUNCED

The Board of Managers of the Red River Valley Winter Shows met recently to formulate plans for the next Valley reunion, which is scheduled for February 9-13, 1931. Special day meetings, dealing with problems of the farm and the home, are being arranged for the men, the women, and the boys and girls, while national authorities will address the mass meetings held in the Armory each evening. The Northwestern Minnesota Singers' association, composed of member choruses from Beltrami, Clearbrook, Crookston, East Grand Forks, Erskine, Fertile, Fosston, Gonvick, Halstad, McIntosh, Mentor, Winger, Fisher-Bygland, and Northwest School, with T. W. Thorson, director, began their rehearsals some time ago in preparation for the annual festival during Winter Shows Week.

Officials representing the Red River Valley livestock, farm crops, poultry and industrial departments were optimistic regarding entries for the forthcoming shows and expect all available space to be taxed to capacity. Unusual interest has already been shown in the 4-H Club division, according to District Club leader H. A. Pflughoeft.

## VALLEY DAIRYMEN ELECT OFFICERS

At the closing session of the twenty-seventh annual convention of the Red River Valley Dairymen's association, Superintendent A. A. Dowell was elected president of the organization, thus succeeding Stuart McLeod of Thief River Falls, who held the office for the past seven years. Other officers include A. R. Knutson, Pelican Rapids, first vice president; Stuart McLeod, second vice president; C. M. Pesek, Crookston, secretary, and O. O. Heggeness, Detroit Lakes, treasurer.

Officers of the association will meet during the week of the Red River Valley Winter Shows to decide upon the place of the next annual convention.

## HOME PROJECT WINNERS ANNOUNCED

One hundred and fourteen Northwest School students exhibited the results of their summer project work at the Tenth annual Home Project show held in connection with the Annual Parents' Day reunion.

Ingolf Swanson, Alvarado, a senior student, won the sweepstakes ribbon awarded for the best exhibit in the boys' division. Norah Hamre, Gary, won similar honors among the girls. Sixty boys and 54 girls took part in the competition. Samples of pure seed grain, corn, and potatoes, and mounted collections of plant specimens were features of the boys' work, while the girls displayed products in baking, canning, dressmaking, and fancy work. Forty-five girls enrolled in the dress-making project displayed gowns completed this summer, in a style show directed by Miss Elsie Kingston, instructor in sewing. Mrs. George Wight and Mrs. Naomi Geer judged the exhibits in the

home economics division, which were in charge of Miss Retta Bede, project supervisor.

Verner Karlin, Hawley, winner of the S. A. Wallace silver trophy for boys' project work in 1928 and 1929, showed the best sample of Early Ohio potatoes. Ingolf Swanson, sweepstakes winner, was first in Marquillo wheat. The crops exhibits were judged by Professors T. M. McCall and R. S. Dunham of the School faculty. E. R. Clark, home project supervisor, had charge of the boys' exhibit.

The complete list of awards is as follows:

**Sweepstakes for boys' work**, Ingolf Swanson; **plant collection and identification**: first, Arthur Grove, Roosevelt; second, Emil Hoppe, Warren, and third, Herman Simonson, McIntosh; **Irish Cobbler potatoes**: first, Lawrence Simonson, McIntosh; second, Glenn Bloomquist, Drayton, North Dakota; third, Orville Hovelson, Gary; **Early Ohio**: first, Verner Karlin; second, Melvin Hillestad, Hawley; third, Herbert Kronemann, Fergus Falls; **Green Mountains**: first, Arvin Gorden, Badger; second, Lester Tangjerd, Bagley; third, Glenn Walker, Clearbrook; **King potatoes**: first, Halley Gill, Ada; **Wheat**: first, Ingolf Swanson; second, Marvin Wardner, Fisher; third, Orin Refling, Fertile; **Oats**: first, Kenneth Flom, Twin Valley; second, Gustav Kveen, Roseau; third, Martin Moen, Dalton; **Barley**: first, Eugene McDonald, Underwood; second, Helmer Nornes, Lockhart; third, Kenneth Avery, Hallock; **Flax**: first, Silas Hviding, Hendrum; second, Peter Mandt, Oklee; third, Lawrence Peterson, Gary.

**Sweepstakes for girls' work**: Norah Hamre, Gary; **Canning fruits and vegetables**: first, Johanna Caudle, Crookston; second, Ann Brandli, Warroad; **Canning meat**: first, Marion Valor, Climax; second, Emma Krogstad, Fertile; **Preserving**: first, Angela Pilipi, Angus; second, Johanna Caudle; third, Evinde Koppang, Climax; **Baking bread**: first, Violet Simonson, Thief River Falls; second, Belle Wang, Winger; third, Gladys Eggen, Fertile; **Making biscuits**: first, Frances McKibbin, Lancaster; second, Marvel Noyes, Brooks; third, Hazel Noyes, Brooks; **Muffins**: first, Agnes Eggen, Fertile; second, Pearl Henry, Crookston; third, Paula Buck, Grygla; **House Dress**: first, Agnes Eggen; second, Esther Dalager, Pelican Rapids; third, Esther Torgerson, Fosston; **Made-over dress**: first, Alma Jacobson, Kennedy; **Wool dress**: first, Norah Hamre; second, Alpha Bruun, Climax; third, Angela Pilipi; **Silk dress**: first, Norah Hamre; second, Gladys Eggen; third, Emma Neegard, Gonvick; **Hemming table linen**: first, Pearl Henry; second, Esther Dalager; **Embroidery**: first, Norah Hamre; **Plain Hemstitching**: first, Selma Hedstrand, East Grand Forks; second, Ruth Stenborg, Clearbrook; third, Alpha Bruun; **Double Hemstitching**: first, Emma Neegard; second, Antoinette DeMaster, Beaulieu; third, Marvel Noyes; **Italian Hemstitching**: first, Alma Jacobson; second, Estelle Philipp, Mayle; third, Arlene Hill, Brooks; **Cake making**: first, Belle Wang; second, Lucille Urbaniak, Argyle; third, Dora Woods, Radville, Sask., Canada; **Baking cookies**: first and third, Irene Pearson, Hallock; second, Pearl Henry; **Pie Baking (two crust)**: first, Dorothy Glass, Mentor; second, Lucille Urbaniak; third, Frances McKibbin; **Pie Baking (one crust)**: first, Belle Wang; second, Olive Heegaard, Hendrum; third, Esther Torgerson.

## ALICE BRULE WEDS A. C. GRADUATE

Miss Alice Brule, who has been connected with the business offices of the Northwest School for the past four years, was married October 13 to Mr. Glenn Smith, '27, Wadena. Following the wedding ceremony, which was per-

formed by Reverend T. B. Shorts at the Methodist parsonage, Crookston, the young couple left for a honeymoon trip through Iowa. All members of the Northwest School family extend heartiest congratulations and best wishes for their continued happiness through the years that are to follow. Mr. and Mrs. Smith will make their home near Wadena at the farm home of the groom.

## IMPORTANCE OF PHYSICAL EDUCATION

(Continued from Page 1)

who come here which need to be corrected, and that the task of correction is a legitimate part of our educational program.

However, healthy bodies and healthy brains are not the only objectives centering in this building. Farming is one thing; living is another. Conditions are not exactly as they should be when farming becomes the whole of country living. No matter what a man's occupation it should not be the whole of his living.

Therefore, in physical education, we emphasize the value of sports and games. Why? Because they contribute to physical health, but more especially because they are a defense against the tedium of the routine that fills our lives. Every boy, every girl should attain a fair degree of proficiency in some game involving physical exertion so that he or she may permanently take on the play spirit and thereby provide for himself or herself a safety valve when the grinding routine of life bears down so heavily that relief is necessary.

In no sense does the provision of this building change the primary object of the Northwest School of Agriculture. Its chief aim will continue to be intellectual and cultural development and growth. In a sense the activities in this building may precede but in no sense supersede the activities of the library and study room. Its mission is to supplement them so that those who come here may return to the country better able to serve their communities to the end that we may have a richer, fuller, happier and even a more efficient country life.

## COD LIVER OIL INCREASES EGG PRODUCTION

Experiments conducted at this and many other experiment stations have proven that the feeding of cod liver oil to the laying and breeding flock will improve egg production and hatchability. As a result of these trials, A. M. Pilkey, poultryman, concludes that best results are obtained by feeding the flock from the time they are housed, in the early fall through to April 1st, or until the birds can be turned out of doors in the direct sunlight.

One per cent of cod liver oil fed throughout the entire winter has produced excellent results. The oil should be poured direct from the barrel or tight container and thoroughly mixed with a small amount of dry mash.

This mixture should be fed daily at noon, preferably in the form of a moist mash.

### NEW FLAG PRESENTED SCHOOL

A beautiful 4½ by 8 foot American flag was recently presented the Northwest School by Mrs. J. A. Northrup, Crookston. The flag will be reserved for the many special events held in the auditorium of Kiehle Building and in the new Physical Education Building.

### AGGIES ANNEX FOOT- BALL CHAMPIONSHIP

(Continued from Page 1)

by a 13-6 count. The score at the start of the last quarter was tied at 6-6, but a long forward pass during the last minute resulted in a game-winning marker for Thief River Falls. The lone Aggie touchdown was scored by Fisher, fullback.

Saturday, October 25, was Homecoming day at the Northwest School and students and faculty were hosts to hundreds of alumni and friends of the school who were present to participate in the dedication of the new Physical Education Building and witness the annual struggle with the Morris Aggies. The homecoming festivities began with a huge bonfire Friday evening, and the formal burning of the Morris "goat." The slogan "Beat Morris" was adopted by the student body, and placards bearing this slogan were placed on all student tables in the dining hall. The walls of the dining hall re-echoed with this slogan as each group put on a demonstration and urged the football men on to victory. Larger placards bearing this plea were placed on the football tables. All buildings on the campus were decorated in maroon and gold, the colors of both the Crookston and Morris schools.

Following the dedication ceremony, the two teams were engaged in their annual tussle. Taking the ball on the opening kick-off, Coach Christgau's men ripped and tore their way through the Morris aggregation until Elton, right halfback, plunged over for the first score. During the second quarter, Elton again carried the ball over for another touchdown and the half ended with a score 10-0 in favor of the Crookston warriors. Morris came back in the second half much stronger, but the Christgau-coached men managed to slip over another touchdown when Johnston crossed the line and Elton again kicked for the extra point. A fourth touchdown was made by the Northwest gridders in the last quarter, when Johnston intercepted a Morris pass and ran 60 yards before being downed on the Morris two-yard line. Avery, Crookston quarterback, skirted the end to cross the goal line, but the ball was called back and Crookston penalized for holding. The game ended with the score 20-0 in favor of the Northwest School team.

In their fifth game of the season, Coach Christgau's men rose to greater heights when they defeated the North

Central eleven by a 34-0 score at Grand Rapids, thus annexing the state agricultural school championship. Neither team scored during the first quarter, but in the second stanza Elton slipped around the end for a touchdown and followed this by kicking goal for the extra point. The half ended with a score of 7-0 in favor of the Northwest squad. At the start of the third quarter, the Crookston Aggies carried the ball down the field until Fisher plunged over the line and Elton again kicked goal. In the same period, Johnston received a punt and squirmed his way through the opposition for a 60-yard run and a touchdown. Elton kicked his third goal and the score was 20-0. During the fourth quarter, Elton scored his second touchdown on a triple pass play and kicked goal for the fourth successive time. An excellent aerial attack in the closing minutes of play resulted in the fifth and final touchdown for Crookston, when Widseth, end, was on the receiving end of a 20-yard pass and raced 30 yards for touchdown.

In their sixth and final game of the season, the Aggies went down to defeat at the hands of the Bemidji Teachers College at Bemidji, by a score of 25 to 0. An excellent aerial attack by the Mason-coached team, after repeated line plunges proved fruitless, was responsible for a victory for the Teachers.

### PERSONALS

Mabel Fletcher (1926-28) and John Roy Randall were married Tuesday morning, October 7, at Bagley, Minnesota. Mr. and Mrs. Randall are now at home on their farm near Ebro, Minnesota.

The marriage of Vickie Maruska, '28, and Daniel Soltis, of Tabor, occurred Wednesday, October 22. Ruth Soltis, '28, sister of the groom, was bridesmaid. Mr. and Mrs. Soltis visited for some time in Indiana and have now returned to Tabor, Minnesota.

Mr. and Mrs. Glenn Smith (Alice Brule) of Bluffton, Minnesota, visited friends on the Campus Saturday, November 1.

Harold Banks, '30, sends greetings from Medford, Oregon, where he is now located. Friends may write him at 525 North Riverside Avenue, Medford.

Rachael Ulvin, '19, is teaching school at Strathcona, Minnesota.

Mr. and Mrs. Raymond Rutherford (Raymond '19) and daughter, of Minneapolis have been visiting Mr. Rutherford's parents at Euclid, Minnesota. Raymond and family reside at 4524 Bryant Avenue South, Minneapolis.

A baby boy arrived at the home of Mr. and Mrs. Roy Spangrud (Roy 1919-'20) of Kennedy, on Wednesday, October 15.

Hilma Ahlm, '29, is employed in the accountant's office at the Northwest School, having taken over the position formerly held by Mrs. Smith (Alice Brule).

Mary Johnson (1926-28) sends greetings from 562 W. 144th Street, New York City. Mary adds that Agnes Johnson and Alma Krogstad, both of

the class of '29, visited her in New York earlier this fall.

Williamine Cenfield, '29, of Clinton, Minnesota, is attending Moorhead Teachers College.

Schoolmates and friends will be shocked to learn of the death of Irvin Flynn, '28, which occurred at Santa Barbara, California. Irvin contracted flu, which resulted in brain fever, causing his death on October 25. Memorial services were held at Leonard, Minnesota, on November 5.

Nels Engen (1913-15) of Warren, has been re-elected Marshall county superintendent of schools. Nels was recently appointed campaign director for the 1930 Christmas Seal sale in Marshall county.

Edgar O. Wold, (1915) of Roseau, was again elected county auditor of Roseau county.

Florence Hanson, '29 and Annette Rots, '30, are taking a course at the Dakota Business College, Fargo, North Dakota.

Sophia Hoper, '29, Evelyn Bain, '29, and Palma Hornseth, '28, are attending the Union Commercial College at Grand Forks, North Dakota.

Lester KenKnight, '26, left recently for Columbia, Missouri, where he will continue his violin studies. Lester's address is 104 Williams Street, Columbia.

Lawrence Simonson (ex. '32) attended the National Dairy Show at St. Louis, Missouri, during the week of October 13, as a guest of the Minneapolis Journal. Lawrence, together with 33 other guests, all members of Minnesota 4-H Dairy Calf Clubs, won this trip as the result of his outstanding knowledge and practice of dairy husbandry.

Inger Lundin, '27, has completed her course in beauty culture at Paul's Academy, Minneapolis, and is now practicing at Winger, Minnesota, and other nearby towns.

Mr. and Mrs. Martin Eskildson (Martin 1920-21) are making arrangements to move from Fergus Falls to a farm near Karlstad, Minnesota.

Mr. and Mrs. Charles Auburg (Josie Insdahl, '17) and daughter live at Winona, Washington. Charles ('18) is the high school superintendent at this point.

Mr. and Mrs. Bernard Moses (Bernard '18) live at 3151 28th Avenue South, Minneapolis.

Mr. and Mrs. S. H. Mostad (Emma Pederson, '18) and children, Newell and Roma Jean, live at 1207 Cottonwood Street, Grand Forks, North Dakota.

Arthur Skonovd, '18, is farming near Turlock, California.

Mr. and Mrs. Guy G. Spokely (Guy '18) and son live at Canby, Minnesota. Guy is the Ford dealer at Canby.

Mr. and Mrs. Oscar Tunheim (Oscar '18) and two children are farming near Newfolden, Minnesota.

Mr. and Mrs. Alfred Wiger (Alfred '18) are farming near Ulen, Minnesota. They have three children.

Mr. and Mrs. Daniel H. Filipi (Gerda Kulle, '19) and two children are farming near Angus, Minnesota.
