

THE NORTHWEST MONTHLY

Published Monthly by the Northwest School of Agriculture of the University of Minnesota, Crookston. Entered as second class matter, December 2, 1916, at the Post Office at Crookston, Minnesota, under the Act of August 24, 1912.

VOLUME XVIII.

CROOKSTON, MINNESOTA, OCTOBER, 1934.

NO. 11.

Marked Increase In Attendance

With a total of 302 students enrolled at the beginning of the third week of the term, the attendance at the Northwest School this fall is the second largest in the history of the school. This year's record was surpassed slightly during the year 1929-30 when the fall term attendance was about 320.

The marked increase in enrolment necessitated the purchase of additional textbooks and school supplies, and the rearrangement of class and laboratory schedules. The increase was largely the result of a sharp increase in the Freshman class which numbers 102, compared with 87 Juniors, 55 Seniors, 32 Advanced and 26 Specials. This increase in the first two classes is especially gratifying as it insures a satisfactory enrolment in the fall of 1935.

The ratio of girls to boys in the Freshman class varies considerably from former years when the boys outnumbered the girls more than two to one. This year there are 40 girls and 62 boys in the first year class compared with 23 girls and 64 boys in the Junior class.

CLASS OFFICERS ELECTED

In the election of class officers and class advisers, which took place during the opening week of the term, Lester Lerud, Twin Valley, was elected president of the Advanced class, with Harry Tangen, Menasha, vice president; Margaret Lerud, Twin Valley, secretary; Helen Carlson, Halstad, treasurer, and Ralph Sheldon, Bagley, sergeant-at-arms.

Officers of the Senior class included Burnet Bergeson, Twin Valley, presi-

dent; Clifford Sauer, Glyndon, vice president; Joyce Starnes, Halma, secretary; Earl Lindberg, Beltrami, treasurer, and Clarence Stromberg, Rosewood, sergeant-at-arms. Junior class: Roland Wentzel, Fisher, president; Marshall Evans, Middle River, vice president; Marlys Hanson, Fertile, secretary; Barbara Clancy, Stephen, treasurer, and Tilford Strand, Ada, sergeant-at-arms. Freshman class: Raymond Egeland, Fisher, president; Grace Olson, Halstad, vice president; Dorothy

Home Coming, October 20, 1934

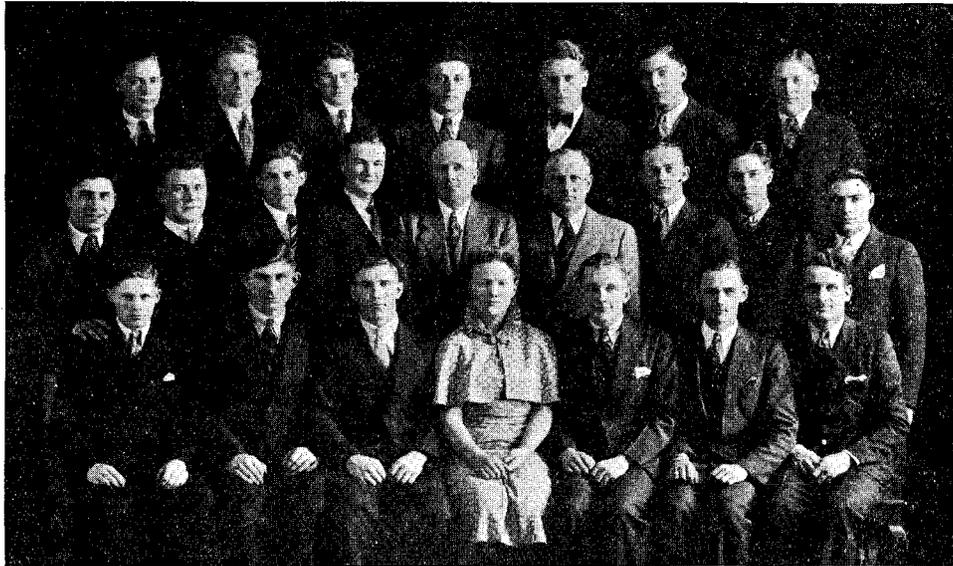

The 1934 Home Coming celebration scheduled for Saturday, October 20, promises to be one of the most colorful events ever held at the school. Elaborate plans are being made by faculty and student committees and many alumni, former students and friends have written that they will be present to insure a most successful day.

The chief feature of the day's program will be the football game between the Northwest Aggies and the Morris Aggies. The two schools, traditional rivals in all types of inter-school activity, will engage in their eleventh annual struggle. Both teams will be making their initial drive for the Minnesota Ag School Conference championship.

The Home Coming program will begin Friday evening with a pep fest and parade preceding the mammoth bonfire. The traditional burning of the "Morris Goat" will take place at this time. All dormitory decorations will be completed so that the campus will be gay with bunting and lighting effects.

Saturday morning, at an all-school assembly, members of the two teams will be introduced by their coaches and specialty numbers will be interspersed throughout. The Pepster organization will lead the songs and cheers for the rival teams.

The game will open at 2:30 p. m. The Northwest gridders will make every effort to retain possession of "Ossie," the wooden pig which is the football victory trophy between the two schools. The Northwest School has had possession of Ossie for four years as a result
(Continued on Page 3)

The "A" Club, 1933-34

Evans, Middle River, secretary; Morris Dahl, Kennedy, treasurer, and Chester Tandberg, Newfolden, sergeant-at-arms.

The Senior class is charged with the responsibility of publishing the school annual, known as the "Red River Aggie." Work under the direction of the faculty advisers has been under way for some time with every prospect of another outstanding publication this year.

Class advisers include: Advanced, Miss Elsie Kingston and Mr. D. C. McGenty; Seniors, Miss Fae Hughbanks and Miss Lydia Dahlen; Juniors, Mr. and Mrs. R. J. Christgau; and Freshmen, Miss Katherine Hennig and Mr. V. C. Kallal.

SACRED CONCERT WINS PRAISE

A sacred concert presented by members of the music and English departments featured the first joint meeting of the Y.M.C.A. and Y.W.C.A. in the school auditorium Sunday, October 7. The program opened with a violin solo, "Album Leaf" by Wagner, by Miss Grace Warne, violin instructor. This was followed by a reading of a one-act play by Miss Dorothy Smith, newly appointed English instructor; a piano solo, "Hungarian Rhapsodie No. 8" by Liszt, by Miss Constance Lane, instructor in piano; reading of a one-act play, "The Chastening" by Chas. Rann Kennedy, by D. C. McGenty, debate coach, and two vocal solos, "Christ Went into the Hills" by Richard Hagemon and "Ponis Angelicus" by Cesar Franck, by Miss Katherine Hennig, voice instructor.

Noel Hanson, Detroit Lakes, vice president of the Y.M.C.A., presided over the program, which was enjoyed by faculty, students and guests from Crookston and surrounding territory.

FACULTY ENJOYS ANNUAL PARTY

Members of the faculty held their annual reception in honor of new faculty members at the superintendent's residence the last Saturday in September. New members of the staff include V. C. Kallal of the University of Illinois, who succeeds S. A. Anderson as instructor in gas motors and preceptor of Senior Hall, and Dorothy M. Smith, who was appointed instructor of English and coach of dramatics to succeed Mrs. Cynthia Haugland.

The formal program included violin selections by Grace Mary Warne, vocal solos by Katherine Hennig, piano numbers by Constance Lane, reading by D. C. McGenty, and brief addresses by Superintendent and Mrs. A. A. Dowell on their experiences in Washington during the past year. Following the formal program, interesting letters from former faculty members were read by various members of the group. The initiation of new faculty members under the direction of A. M. Foker was a special feature of the evening's entertainment. The program for the evening was arranged by a committee composed of J. W. Mlinar, T. M. McCall, R. S. Dunham, A. M. Foker and R. J. Christgau, while refreshments were served by a committee composed of Mesdames H. A. Pflughoeft, A. A.

Dowell, E. R. Clark, O. M. Kiser and A. M. Pilkey.

JUNIORS WIN OUTDOOR FESTIVAL

The first inter-class competition of the year took place on the campus last Saturday when the traditional October festival was held under perfect weather conditions. Beginning with a picnic supper and continuing throughout the program, class spirit was very much in evidence. Student committees from all classes contributed.

Following the supper a program of inter-class events was held. The Juniors, gaining 15.5 points, nosed out the Advanced class, which scored 14 points, for top honors. The Freshmen won third place with 9 points, while the Seniors, with 6.5 points, finished fourth. Events held included newspaper race, one boy and girl from each class; three-legged race for girls; wheelbarrow race for boys; potato race for girls, and hors de combat for boys.

The outdoor program closed in time for students to attend the lyceum number, "The Chinese Treasure Chest," presented by Kenneth Foster in the school auditorium.

FOOTBALL SEASON IS UNDER WAY

With two games played to date, one at Minot, North Dakota, and the other on their home gridiron, the Northwest Aggies will begin their drive to capture the 1934 State School of Agriculture championship when they meet the Morris Aggies Saturday, October 20.

The 1934 season opened with a one-sided contest with the Minot pedagogues, when the latter, boasting one of the strongest teams in the state, swamped the Northwest gridders 59-0. After four days of practice, the maroon and gold squad journeyed to Minot to tackle a team that was much heavier and more experienced. The Minot teachers, with three weeks of practice prior to the game, had things very much their own way, but the contest offered an excellent opportunity for Coach Christgau to obtain a line on his squad.

The second game of the season was arranged with the Grand Forks, North Dakota, high school reserves and an enthusiastic student body greeted the Northwest gridders as they trotted out on the field for their first home game. The first quarter witnessed several exchanges of punts followed by an end run and a pass which brought the ball down to the Northwest School 5-yard line. The Aggies displayed a remarkable defensive game when they held the Grand Forks eleven to three yards in four attempts. Stanley Alseth immediately punted his team out of danger. Shortly before the end of the first half, a beautifully executed 30-yard forward pass by Captain Sheldon to Ross resulted in a touchdown. The second quarter ended with the Northwest School leading 6-0. An inter-centered forward pass followed by excellent open field running for a total of 85 yards resulted in a touchdown for Grand Forks early in the third

quarter. The try for extra point failed and the final score stood 6-6.

The Northwest School lineup included Noel Hanson, center; Torlief Boe and Roland Wentzel, guards; Carl Tiedje and Gilbert Gunderson, tackles; E. Ross and Stanley Alseth, ends; Edson Washburn, qb; Bert Spence, lhb; Ralph Risbrudt, rhh, and Ralph Sheldon, fb.

Three games remain on the Aggie schedule: October 20, Morris Aggies here; October 27, Grand Rapids Aggies at Grand Rapids, and November 2, Park River, North Dakota, Aggies at Park River.

STUDENTS HOLD POW WOW AND FROLIC

The first social event of the school year was held during the opening week of the term when the older boys staged their annual Pow Wow and the girls held their annual frolic. Due to the unexpected enrollment, it was necessary to stage the Pow Wow in the physical education building instead of in the parlors of Senior hall as in former years.

This program was staged under the supervision of the Social Activities committee, of which R. S. Dunham is chairman. Lester Lerud, Twn Valley, announced the various numbers which opened with community singing led by J. W. Mlinar, accompanied by R. S. Dunham. Other numbers included brief addresses by D. C. McGenty, debate coach; O. M. Kiser, livestock judging coach; E. R. Clark, crops judging coach; R. J. Christgau, athletic coach; T. M. McCall, faculty adviser of the "A" club; Ralph Sheldon, Bagley, captain of the 1934 football team; Stanley Alseth, Fox, captain-elect of the basketball team, and piano selections by R. S. Dunham; special music by Vern Dahlgren, Kennedy, and Stanley Swenson, Kennedy; a stunt by Harold Sanden, Beaulieu, and Clarence Stromberg, Roseau, and an address by Superintendent A. A. Dowell. Cheers were led by Burnet Bergeson, Twin Valley, and Jerome Molacek, Ulen. Following the inspirational program, refreshments were served and the boys joined in a snake dance across the campus to serenade the girls in Robertson hall.

During the same period, the girls in Robertson Hall staged their annual frolic under the supervision of Miss Retta Bede. After brief introductions, five Advanced girls (Helen Carlson, Halstad; Esther Haugo, Mahnomen; Margaret Lerud, Twn Valley; Agatha Olson, Beltrami, and Evelyn Vilven, Crookston) took charge of the initiation of new students. This was followed by vocal solos by Katherine Hennig, voice instructor, and piano numbers by Constance Lane, instructor in piano.

PLEASE NOTE: Kindly notify the Northwest School, Crookston, if you can give any information as to the present address of these former students: Arthur Andresen, '20; Louis Emerson, '22; James Felber '20; James Hanson, '24; Harry Henderson, '24; Joseph Skatvold, '26; Elmer Skime, '21; Carl Sisler, '10-'12.

CLUB MEMBERS WIN HONORS AT STATE FAIR

Fourteen hundred 4-H club members were in attendance at the 1934 State Fair. Each girl and boy took part in the educational program at some time during the week. According to District Club Leader H. A. Pflughoeft, the increased attendance was due largely to two new features, the one-act play and music contests, staged for the first time in the spacious 4-H club building at the State Fair. In the same building, four platforms were kept busy the entire week with home economics and agricultural demonstrations. Twenty-seven club booths from as many counties were in the same building together with the clothing, canning and crops exhibits. Clothing girls from practically every county in the state took part in the Style Dress Review which was staged on three afternoons before the winner, Miss Minnesota, the state queen was selected in which Ardis Shulstad of Clay county received the crown of victory.

County winners exhibited their breeding poultry at the State Fair for the first time this year and also took part in a poultry judging contest.

Mr. Pflughoeft reports that several trips to the National Boys' and Girls' club Congress in Chicago were won by club members from northwestern Minnesota counties. An outstanding award in general livestock judging went to the Clearwater boys consisting of Clifton Gustafson Glen Long and Delbert Darst and coached by Clement Chase, county agent. In 1932 Clearwater county won similar honors and in addition won the national championship at Chicago. Glenn Gustafson, also of Clearwater county, won second place on the Minnesota crops judging team which will also compete at Chicago. Ardis Shulstad of Clay county, Minnesota's Style Queen, will receive a trip to Chicago to enter national competition. The Norman county entry in the Style Review, Elaine Heiberg, won first place in the cotton school dress class, while Beltrami county, represented by Marie Lillenthal, wearing a wool dress placed first in this division. To Audrey Fox of Wadena county went the honor of being the champion girl club leader in the state. Arthur Hedin of Roseau county was the champion poultry judge which also gives him a trip to Chicago as a member of the Minnesota poultry judging team.

Other state winners from northwestern Minnesota are as follows: champion canning individual, Esther Anderson, West Polk; champion thrift exhibit, Pearl Chappius, W. Polk; champion potato team, Melvin Lewis and Bert Sundberg, Kittson county; champion garden team, Howard Brangaar and Derlye Frye, Clearwater county; champion canning team, Dorothy Larson and Audrey Fox, Wadena county; champion canning judge, Anita Bruss, Roseau county. First in the blue ribbon class placings were won by West Polk bread team composed of Ruth Egeland and Ingeborg Anderson. Lillian Rose of West Ottertail was first in the cake blue ribbon class.

WIDSETH STARS UNDER BIERMAN

Alumni and former students who followed football achievements at the Northwest School from 1929 to 1932 are greatly pleased, but not surprised, at the attention Edwin Widseth, '32, McIntosh, is attracting as a sophomore star on what is said to be one of the greatest football aggregations ever assembled on a University of Minnesota football field.

Ed Widseth

Edwin completed four years of spectacular playing for the Aegies under Coach R. J. Christgau. During his Freshman year he performed at tackle, but was shifted to fullback the next three years. Here he gained steadily in speed and power and contributed his full share toward the winning of three state School of Agriculture championships.

In addition to his athletic achievements, he found time to serve as president of the Pioneer Literary society, member of the Aggie Board, president of his class for three successive years, took part in the Boys' Glee club, mixed chorus, operetta, senior class play, declamatory contest, and was high man in the inter-school livestock judging contest in 1933.

Following graduation from the Advanced class in the spring of 1933, he enrolled as a freshman at the University of Minnesota. Realizing that Widseth was one of the most promising youngsters in years, the coaches began pointing him for the 1934 season. His performance during the first two games of the season indicated that he will not only be one of Minnesota's brightest stars during the next three years, but Minnesota's next great all-American.

Edwin likewise made a remarkable showing in baseball last spring. Coaches in this sport have expressed the opinion that he is the most promising pitcher to report for practice at Minnesota in years.

HOME COMING, OCTOBER 20

(Continued from Page 1)

of victories in 1930, 1931, 1932 and a tie game in 1933. "Ossie" will occupy a prominent part on the stage at the Saturday morning assembly and on the sidelines during the game.

The annual Home Coming banquet will be held in the school dining hall Saturday at 6:00 p. m., at which time alumni, faculty and the guests from Morris will contribute to the speaking program. Because of an increased enrollment, dining hall accommodations will be limited and those planning to attend should make advance reservations.

The Home Coming festivities will be concluded with the annual alumni dance and school party.

Faculty committees in charge of

plans for the 1934 Home Coming are as follows: **Dormitory Decorations:** Senior Hall, V. C. Kallal; Stephens Hall, D. C. McGenty; Robertson Hall, Miss Retta Bede; Physical Education building and athletic field, Miss Elsie Kingston and A. M. Pilkey; **Admission and Sale of Tickets:** T. M. McCall, A. M. Foker, D. C. McGenty, Misses Fae Hughbanks, Elsie Kingston and Lydia Dahlen; **Assembly Program:** R. S. Dunham, J. W. Mlinar, Misses Dorothy Smith, Katherine Hennig and Grace Warne; **Cheers and Songs:** Katherine Hennig, D. C. McGenty, J. W. Mlinar, and Elsie Kingston; **Dance:** A. M. Foker, Misses Grace Warne and Constance Lane; **Party:** Misses Lydia Dahlen and Dorothy Smith and A. M. Pilkey; **Banquet:** E. R. Clark, Miss Retta Bede and O. M. Kiser.

THATCHER WHEAT

DISTRIBUTED

The Northwest School and Station cooperated with the Minnesota Central station and the Minnesota Crop Improvement association in distributing the new Thatcher wheat this year. The distribution of the seed was made through the office of R. F. Crim, pure seed specialist of the Agricultural Extension division. E. R. Clark, pure seed specialist, reports that 700 bushels of seed were sent out from the Northwest School and Station to approximately 100 cooperators. Owing to the great demand for this seed, only limited amounts were allowed each applicant. This new variety made a fine showing in comparison with other bread wheats in the valley this year. Its rust-resisting qualities, together with good milling tests, make the Thatcher a promising wheat for Red River valley farmers.

REPORTS STATION

CROP YIELDS

Yields of small grains at the Northwest Station were much above average this year, according to a summary statement recently issued by R. S. Dunham, agronomist. In the case of wheat and oats, yields were the highest on record. The average yield of spring wheat on the large fields since 1921 was 17.9 bushels and of durum, 22.2 bushels. This year a 24-acre field was divided into four parts and sown to Thatcher (newly distributed this spring), Ceres, Reward and Marquis. Thatcher yielded 31.4 bushels per acre; Ceres, 29.3 bushels; Reward, 27.0 bushels, and Marquis, 23.6 bushels. An 18-acre field of Mindum durum yielded 34.2 bushels per acre. Anthony oats yielded 73.7 bushels per acre on a 30-acre field this year compared with an average yield of 51.1 bushels on the station farm since 1921. Wisconsin 38 barley yielded 54.7 bushels on a 25-acre field, while the average yield of barley since 1921 was 30.9 bushels. Redwing flax yielded 13.0 bushels on a 38-acre field which is 1.2 bushels above the average.

Probably no one factor was responsible for the high yields this year. They were the result of a favorable combination of conditions. No special fertilization or method of handling the

soil was used. For many years a crop rotation including small grain, sweet clover or alfalfa, and corn has been practiced. Pastures receive a dressing of barnyard manure and phosphate is always applied to alfalfa. Crops preceding the small grains mentioned were: 1934 bread wheat, 1933 sweet clover; 1934 Mindum, 1933 corn; 1934 oats, 1933 barley; 1934 barley, 1933 corn; 1934 flax, 1933 wheat.

Improved varieties unquestionably partially explain the higher yields. The difference in yield between Marquis, Reward, Ceres and Thatcher was due largely to the difference in stem rust damage. Thatcher is most resistant. Ceres rusted but the pustules were small and did little damage. Reward is early and although badly rusted, did not suffer as much as Marquis which was heavily infected with large pustules. Anthony is resistant to stem rust and was treated for smut. Wisconsin 38 barley is resistant to leaf spot. Very little flax rust or pasmo developed this year and Redwing is resistant to wilt. Higher yields of flax would probably have resulted from either Bison or Buda which, in the plot trials, outyield Redwing.

Stem maggot injury which has averaged 6.25 per cent for Reward, Marquis, Ceres and Thatcher during the last five years, amounted to only 2.6 per cent as an average of these varieties this year. There was no grasshopper damage and ergot, which was so prevalent in 1933 in both wheat and barley, was almost totally absent in these crops this year. Root rots which were very destructive in 1933 did little or no damage this year and loose smut was slightly less than average.

The influence of the weather is difficult to determine. Rainfall in April was .93 inch below the ten-year average; in May it was .19 below; in June 1.54 inches above; in July .39 inch above, and in August 1.16 inches below. Average temperatures in April were 4 degrees below the ten-year average; in May 8.9 degrees above; in June 1.2 degrees above; in July 3 degrees below, and in August 1.0 degrees below. During the past season, the rainfall was only .34 inch below the ten-year average, while the temperature was 9 degrees warmer.

Weekly measurements of the height of wheat, oats, barley and flax showed that there was no retarding of growth from the time they emerged until they blossomed. Wheat grew at the average rate of .8 inch a day from June 13 to July 15; oats at the rate of 1.0 inch a day from June 13 to July 19; barley at the rate of .9 inch from June 6 to July 13, and flax at the rate of .6 inch from June 13 to July 5. Greatest growth in all four crops occurred between June 20 and 26 when wheat grew 8 inches, oats 9.2 inches, barley 12.6 inches and flax 10 inches. A rainfall of 2.2 inches and warm weather marked this period.

Sudan grass, Siberian millet, Japanese millet and Anthony oats were sown May 31 in acre strips. The oats were cut on August 4 and yielded 2.96 tons of cured hay to the acre. The Sudan was cut next and yielded 2.92 tons. The Siberian millet yielded 3.88 tons and the Japanese millet, cut September

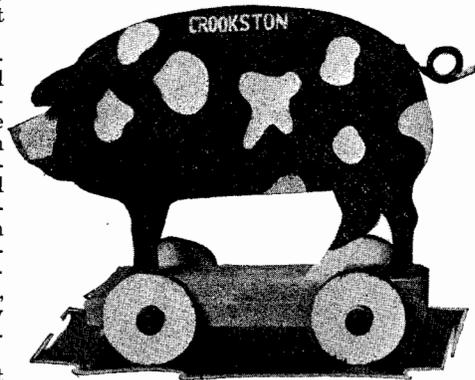

6, yielded 3.37 tons. A mixture of oats and winter rye sown for pasture at the rate of 2 bushels of oats and 1 bushel of rye gave 1.8 tons of dry feed in a sample cut once for yield.

Of some fifteen different crops or crop mixtures sown for pasture, the only successful stands this fall are sweet clover, alfalfa and Reed canary grass. Of last year's seedlings, sweet clover, alfalfa and slender wheat grass are satisfactory stands, while brome grass is fairly well established. No canary grass was sown last year. Timothy, meadow fescue and crested wheat grass have failed to make a stand in two years of trial.

Among 108 farmers' lots of seed flax which were planted on wilt-infested soil, several were almost entirely destroyed by this disease. All of the seed lots were thought to be wilt-resistant, but apparently some had become mixed with susceptible varieties.

Severe winter killing of alfalfa was experienced this year. The amount of killing was very closely correlated with the contour of the land. Where depressions had been covered with ice sheets, the killing was very heavy regardless of variety.

Six strains of lespedeza were grown this year: common, extra early common, Korean, extra early Korean, perennial, sericea and Kobe. Only the extra early Korean has furnished a crop. It yielded approximately one-third as much as Alpha sweet clover. Alpha generally yields about two-thirds as much as common sweet clover.

"Ossie" Prefers the Northwest School

PERSONALS

Willard Kimmel, editor of the 1934 Aggie, was married September 20 in Hiawatha, Kansas, to Miss Dorothy Sill of Red Oak, Iowa. They are at home at 713 N. 20th St., Omaha, Nebraska.

Sybil Brenseth and Stanley Radniecki, '32, were married September 24 at Plummer. The newlyweds will make their home on the groom's farm near Trail.

Lucille LaRiviere (sp. '30-'31) was married October 6 to Alfred Anderson. The Andersons are residing at 919 N. 3rd St., Grand Forks, N. D.

The following Northwest School students are in attendance at various colleges and schools: University of Minnesota—Don McCall, '31 of Crookston; Edwin Widseth, '32 of McIntosh; Margaret Gault, '32 of Winnipeg; Harold Clow, '34 of Orleans, school of business; Allan Hoff, '31 of Dalton; Kermit Greenley, '32 of Viking, Randolph Ostlie, '27 of Montevideo, Leo Maattala, '31 and Theodore Peet, '29 of Wolverton, college of agriculture; Emma Neegard, '31 of Gonvick, home economics; Martin Odland, '29, graduate school; Ingolf Swanson, '31 of Alvarado, school of embalming; Esther Torgerson, '32 of Fosston, MacPhail school of music, Minneapolis; Darro Fox (sp. '31-'32) of Crookston, University of Wisconsin; Theos Morck, (sp. '33-'34) of Crookston, St. Olaf College, Northfield; Phil LeMasurier, '32 of Crookston, State School of Forestry, Bottineau, N. D.; Arlene Hill, '31 of Brooks, Moorhead State Teachers' college; James Rynning, '33 of Kennedy and Donald Anderson, '32 of Perley, North Dakota Agricultural college, Fargo; Hazel Brekke, '32 of McIntosh, Hollywood Academy of Beauty Art, Minneapolis; Evelyn Kroog (sp. '33-'34) of Crookston, Business College, St. Louis, Mo.; Irene Pearson of Hallock nurses' training, Vocational hospital, Minneapolis; Miles Nelson (sp. '31-'32) of Frazee, Bemidji Teachers' college; Paul Thorson (sp. '33-'34) of Crookston, and Oscar Mollidrem, '32 of Gary, Concordia college, Moorhead. Other alumni who are continuing their education should notify the Northwest Monthly office so that our records can be kept complete.

Mr. and Mrs. Martin Vesledahl (1923) of Winger, are the parents of a baby girl born September 24 at the Bethesda hospital, Crookston.

Former students who are teaching rural schools in northwestern Minnesota include the following: in Polk county—Ruth Soltis, '27 Herman Simonson, '32, George Roisum, '28, Lawrence Simonson, '29-'31, Marion Valor, '28-'31, and Emerald Abbott, '32. Marshall county—Aslaug Satre, '30. Roseau county—Arthur Grove, '31, Ann Brandli, '31, and Marie Austin, '21. Permincton county—Sanna Hanson, '29. Red Lake county—Adele Raymond, '23, grade schools—Alma Nelson, '23, Little Fork; Emma Nelson, '24, Trail.

Recent campus visitors include Carl Borton, '34 of Gary; Wallace Miller, '24 of Red Lake; Rishton Bedard, '31 of Northcote; Paul Engelstad, '16 of Thief River Falls; Raymond Peterson, '31 and Clarence Skaren, '34 of East Grand Forks.

Christian Hagen's '15, new address in Fargo is 355 8th Ave., South.

Ruth Hermanson, R.N., '24, is now located at Lapwai, Idaho.

Mr. and Mrs. LaVern Peterson, '22, have moved to Erskine, Minn.

Palmer Johnson ('21-'22) is operating a Standard Oil station at Middle River.

Evelyn Bierbaum, '29, is recreational leader of Norman and Clay counties. Earl Sulerud, '30, of Gary is one of the six recreational workers appointed to assist Miss Bierbaum in this work.
