

# THE NORTHWEST MONTHLY

Published Monthly by the Northwest School of Agriculture of the University of Minnesota, Crookston. Entered as second class matter, December 2, 1916, at the Post Office at Crookston, Minnesota under the Act of August 24, 1912.

VOL. XX.

CROOKSTON, MINNESOTA, OCTOBER, 1936

NO. 11

## New Attendance Record Established

*Dormitories and Class Rooms Taxed Beyond Capacity*

*Fall Term Enrollment 384*

With 384 students enrolled at the close of the second week of the fall term, the Northwest School is confronted with the most serious dormitory and classroom problem since the first two years of the school's existence. At that time one building, since named the Home Economics Building, served as school dormitory, dining hall, office and classroom building. With the erection of Stephens Hall and Owen Hall in 1908 and of Kiehle building and Robertson Hall in 1910, the needs of the rapidly growing school were met for some time.

These buildings were followed by Hill building, for class and laboratory purposes, in 1912, and by the Senior boys' dormitory in 1914. The three dormitories, one for girls and two for boys, with accommodations for 200 students, were adequate for the next ten years when the enrollment averaged 210 students per year. In 1920, the dining hall was moved from the first floor of Stephens Hall to the new dining

hall building, thus providing dormitory accommodations for fifty students, bringing the total available dormitory accommodation to 250.

Beginning with the year 1924-25, attendance increased steadily with an average of 307 students enrolled each year for the period 1924-25 to 1936-37. Last year 395 students were in attendance and for the current year the total enrollment will be slightly over 400.

Dormitory and classroom accommo-

inations, which were adequate in 1914, are quite inadequate today. At the present time, 99 girls are being housed in Robertson Hall which has accommodations for only 66 girls. Many other girls are being temporarily housed in the Home Practice quarters and Dining Hall, with an overflow that has filled the first floor of the student Health Service building. In the boys' dormitories, there are three boys in 33 regular two-student rooms.

Class rooms are also badly congested with inadequate accommodations

## Home Coming Plans Complete

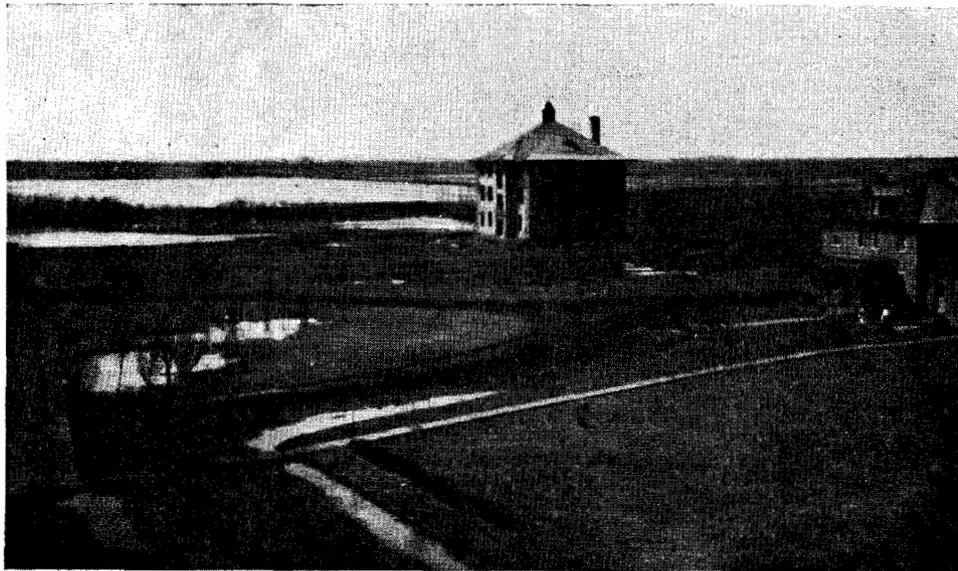

Faculty and student committees are at work preparing for the 1936 Homecoming which is scheduled for Saturday, October 24. Weather permitting, one of the largest alumni crowds in the history of the school is expected to be on hand for the annual celebration.

With the Morris Aggies furnishing the opposition, the football game is expected to draw several hundred alumni and rooters in the afternoon. The evening dance and party will be the attraction for the late comers.

Festivities will begin Friday evening, October 23, when at a given signal, students will leave their respective dormitories to participate in a parade around the campus. At the same time, electric decor-

ations on the dormitories will be turned on transforming the campus buildings into a colorful maroon and gold setting. A huge bonfire will be staged where the Morris "goat" will be burned amid songs, yells and cheers of the student body. Short speeches by Captain Roland Wentzel, Coach Christgau, Chairman T. M. McCall, Superintendent Dowell, and alumni will be given at the bonfire.

Saturday morning, many alumni are

"THE SCHOOL IN 1906"

for the business training and music departments. The available piano practice rooms are also inadequate to accommodate all who desire to take private piano lessons.

For the time being, one new girls' dormitory with the first floor equipped for class and laboratory work, would relieve the situation greatly. This is an urgent need that should be met at the earliest possible date.

## THE NORTHWEST MONTHLY

Issued Monthly by  
THE UNIVERSITY OF MINNESOTA  
NORTHWEST SCHOOL OF  
AGRICULTURE  
A. A. DOWELL, Superintendent

OFFICE  
Northwest Experiment Station,  
Crookston, Minnesota.

A monthly publication in the interest of  
agricultural education and home training for  
Northwestern Minnesota.

### CLASS OFFICERS ANNOUNCED

During the opening week of the term, class organization meetings were held and officers elected for the current school year. Members of the Freshman class elected Evelyn Brandt, Gonvick, president; Kenneth Rosvold, Underwood, vice president; Howard Knutson, East Grand Forks, secretary; Dorothy Larson, Argyle, treasurer; John Edman, Alvarado, sergeant-at-arms; Arden Hanson, Erhard, and Dolores Driscoll, East Grand Forks, cheer leaders; class advisers, W. D. Rusk and Lois Lohn. Other class officers were announced as follows: **Juniors:** Wilson Radway, Roosevelt, president; Harold Klemetson, Ulen, vice president; Lloyal Harris, Wadena secretary; Clifford Olson Halstad, sergeant-at-arms; Katherine Molacek, Bemidji, treasurer; pepsters, Myrtle Hanson, Twin Valley, and Alton Gunn, Wadena; class advisers, Miss Dorothy Smith and Mr. Wm. Promersberger. **Seniors:** Raymond Higgin, Bronson, president; Woodrow Evans, Gully, vice president; Dorothy Evans, Middle River, secretary; Morris Dahl, Kennedy, treasurer; Lynn Lokken Shelly, sergeant-at-arms; class advisers, Miss Katherine Hennig and D. C. Streeter; pepsters, Werner Weindorf, Jordan, and Virginia Watt, Bagley. **Advanced:** Roland Wentzel, Fisher, president; James Weckwerth, Hazel, vice president; Irene Tasa, Trail, secretary; Edgar Ramberg, Pitt, sergeant-at-arms; Chester Ingebretson, Ulen, treasurer; pepsters, Fred Cook, Faunce, and Ruth Lerud, Twin Valley; class advisers, Mr. and Mrs. R. J. Christgau.

### "Y" ORGANIZATIONS

#### HOLD RECEPTION

A novel program of contests and stunts featured the annual reception for new students, sponsored by the Y.M.C.A. and Y.W.C.A. at the school gymnasium, Saturday evening, October 3. Officers of the two associations, Superintendent and Mrs. A. A. Dowell, faculty and their wives greeted the 350 students in the receiving line. Miss Retta Bede and E. R. Clark, faculty advisers to the Y.M.C.A. and Y.W.C.A. assisted by student committees, organized and led the mixer games and contests.

Irene Tasa, Trail, and Anna Jensen, Roseau, won prizes for identifying the most students from a group of fifty selected at random from the receiving line. Refreshments were served at the close of the program. Officers of the Y.W.C.A. for the current year are:

president, Ruth Lerud, Twin Valley; vice president, Betty McVeety, East Grand Forks; secretary, Janet Krogstad, Fertile. Officers of the Y.M.C.A. are: president, Chester Ingebretson, Ulen; vice president Wilson Radway, Roosevelt; secretary, Marshall Evans, Middle River.

### PARENTS' DAY OCTOBER 31

Formal invitations will soon be issued to parents of Northwest School students to attend the annual Parents' Day festivities to be held on the campus Saturday, October 31. Due to the record enrollment, school officials are making plans for the largest group of fathers and mothers ever assembled on the Aggie campus. Classes will be held during the forenoon so that parents may visit the various class and laboratory rooms and see the school in action.

At noon, the parents will be guests of the student body at the annual Parents' Day dinner to be held in the school dining hall. At 2:00 P. M., a special program, including a one-act play, will be presented by the students in the school auditorium.

Parents are also invited to remain for the sound picture program to be presented in the auditorium during the evening.

Last year nearly four hundred parents from fourteen counties were in attendance.

### COMING EVENTS

October 24—Homecoming—  
Crookston vs. Morris Aggies.  
October 30—Football Game  
—Mahnomon High, here.  
October 31—Parents' Day.  
November 26—Thanksgiving  
Day Dinner and Program.  
December 7—Christmas Play.  
December 28—Fall Term  
Ends.

### FOOTBALL SEASON UNDERWAY

A surprisingly fast and hard-fighting Northwest School football team made its season's debut on the campus gridiron Saturday, October 3, against the Grand Forks High School Reserves. With a very few lettermen returning, faculty, alumni, and students were awaiting the opening game of the season and their first view of the 1936 edition. Coach Christgau surprised even the most ardent rooter with the exhibition put on by his charges in the opening encounter. With only four days of practice, Coach Christgau presented a surprisingly smooth functioning team that won by a score of 14 to 7. The backfield, composed of Raymond Higgin at quarterback, Captain Roland Wentzel at fullback, Victor Hodgson at halfback, all lettermen, with Chan Freiji, also at halfback, and a newcomer to the first string this year, performed excellently. The starting line, which was made up of entirely

new men from end to end, also did a very creditable job. Clifford Trangsrud, at center, Woodrow Evans and Lloyal Harris at guards, Ray Carlson and Truman Hemmestvedt at tackles, and Harold Dahl and Jack Ferrier were at the ends. Joe Widseth, brother of the more famous Ed of the University of Minnesota team, Morris Dahl, Harold Nabben, Arthur Lundeen, Russell Thieling and John Rader were also first-game performers.

In their second game of the season, the Northwest team journeyed to Park River, North Dakota, for a night game Thursday, October 8. The Aggies were handicapped for this particular game through injuries to several of the starters in the first game of the season. Park River presented a very fast, shifty backfield, and the Northwest School team's inexperience under the lights was an additional handicap. The Park River team triumphed 19-0. By virtue of their victory, Park River retained possession of the interschool trophy which is the little red and black pig.

Three more games remain on the Aggie schedule. On October 17, the Northwest team journeys to Grand Rapids for the annual clash with the North Central Aggies. The game will be a feature of the Homecoming festivities at Grand Rapids. Coach Christgau's squad will be out to avenge the defeats of the past two seasons, and hope to return the little Brown Jug to the Northwest campus.

The Northwest School's Homecoming date has been set for Saturday, October 24, at which time the Morris Aggies will offer the opposition. In this game, the Northwest team will be out to avenge the defeat of last year and to regain possession of Ossie, the black and white pig which came into possession of the Morris team last year.

The final game of the season will be played on the Northwest campus Friday, October 30, when Mahnomon High School will offer the opposition in the second annual game between the two schools.

Squad members who are reporting to Coach R. J. Christgau and Assistant Coach W. D. Rusk are as follows:

Captain Roland Wentzel, Fisher; Woodrow Evans, Gully; Clifford Trangsrud, Badger; Ray Carlson, Middle River; John Rader, Warroad; Morris Dahl, Kennedy; Joe Widseth, McIntosh; Raymond Higgin, Bronson; Oray Tangen, Menagha; Harold Nabben, Goodridge; Jack Ferrier, Pitt; Ames Holte, Shelly; Philip Hegreberg, Ada; Richard Radway, Roosevelt; Lloyal Harris, Wadena; Victor Hodgson, Crookston; Roy Carlson, Middle River; Chan Freiji, Crookston; Truman Hemmestvedt, Goodridge; Lester Knutson, Ashby; Russell Thieling, Grygla; Harris Floan, Melvin; Student Manager James Weckwerth, Hazel, and Assistant Manager Virgil Doble, Melvin.

### NEW ATTENDANCE

#### RECORD ESTABLISHED

(Continued from Page 1)

#### School Has Made Rapid Growth

The growth in attendance has surpassed the high hopes of those who were interested in the establishment

of the school over thirty years ago. The progress that has been made is evident from a review of an article which appeared in the Crookston Daily Times on October 2, 1906. The new school of agriculture had opened its doors for registration for the first time the previous day. This article reports the opening of the first term as follows: "The Agricultural School started yesterday morning and opened its doors for the school year. Eight pupils have registered and have been assigned accommodations, while applications have been received from many others and it is expected that the rooms will be filled before the school has been in progress long. Work was started in all the departments yesterday and everything points to a successful school year. The school is under the supervision of Professor Robertson and this in itself is a guarantee that it will be a success. The teachers are all experienced and have been selected carefully, so that as far as the faculty goes, the students will have no cause for complaint. The farm work is somewhat backward this year and many pupils who expect to attend the school have not been able to attend at this time but are expected a little later."

#### Northwest School Leads in Enrollment

Nearly 1100 students were enrolled in the four Minnesota Schools of Agriculture at the close of the first week of the present fall term. The Northwest School led with 370, followed by the Morris School with 339, St. Paul 324, and Grand Rapids 63. Late arrivals and new students who will register for the winter term will bring the total for the year for the four schools to about 1300.

#### FACULTY PRESENT

##### SACRED PROGRAM

A most enjoyable sacred program was presented under the joint auspices of the Y.M.C.A. and Y.W.C.A. organizations by members of the Music and English faculties on Sunday evening, October 4. The program included the following: violin solo, "Ciaconna"—Bitali, by Miss Grace Mary Warne, instructor in violin; vocal solos, "My Redeemer and My Lord"—Dudley Buck, and "Let Not Your Heart Be Troubled"—Stanley Reiff, by Miss Lois Lohn, instructor in English; a reading by Miss Dorothy Smith, dramatics coach, and Mr. Donald C. Streeter, debate coach; piano solo, "Rhapsody Op. II No. 3"—Dohnanaji, by Miss Marian Nelson, instructor in piano, and vocal solos, "I Know That My Redeemer Liveth"—Handel, and "Panis Angelicus"—Cesar Franck, by Miss Katherine Hennig, instructor in voice.

The artists were greeted by an enthusiastic audience composed of faculty, students, and friends from Crookston and surrounding community.

#### OUTDOOR FESTIVAL

##### ENJOYED BY ALL

The traditional Outdoor Festival, which provides the first opportunity for interclass competition, was held on the campus Saturday, October 10.

The program opened with a picnic

supper, served by members of the Senior and Advanced classes. Members of the Junior class were responsible for wood for the bonfires, while the Freshman class was charged with the responsibility of obtaining sticks for the roasting of weiners and marshmallows.

Following the supper, the classes were divided and representatives appointed for all the interclass events. A total of nine events, with each class represented, were held, and at the completion of the last event the Juniors and Seniors were tied with 28 points each. To break the tie, an additional event was staged between the two classes and the Juniors emerged victorious with a total of 33 points for the evening's program compared with 31 for the Seniors. The Advanced took third place with 18 points, while the Freshmen ranked fourth with 7 points. A full-length talking picture was held in the auditorium following the outdoor program.

The Outdoor Festival continues to be one of the most popular of the traditional events connected with the opening of each school year.

#### BOYS' POW WOW AND GIRLS' FROLIC

The fall term opened with a variety of special evening programs including the traditional Boys' Pow Wow and the Girls' Frolic, which were held Wednesday evening, September 30.

The boys held their annual Pow Wow in the gymnasium, at which time short speeches explaining the work of the school, were given by faculty members and student leaders. Marshall Evans, as secretary of the Y.M.C.A., presided. Pep talks by coaches of the various interschool teams and by captains were interspersed with entertainment numbers presented by students and faculty. At the conclusion of the indoor program, the boys snake-danced across the campus to Robertson Hall where the annual serenade of the girls was held.

Due to the very large enrollment of girls, it was necessary this year to hold the Girls' Frolic in the cafeteria room in the school dining hall. The girls' program consisted of a series of mixers, introductory games, and an initiation of members of the Freshman class.

The Boys' Pow Wow and the Girls' Frolic are the first social events of the season, and hence are the first formal get-togethers of the season.

#### WINTER SHOWS TO BE HELD EARLY IN FEBRUARY

The annual Northwest School Farmers' Week and Red River Valley Winter Shows will be held during the week of February 8 to 12, according to a recent announcement by Winter Shows officials. This will be the twenty-seventh annual meeting sponsored by the Northwest School and numerous regional organizations.

Last year a disastrous fire gutted the main livestock barn three days before the official opening. Organizations and individuals by the score offered full

cooperation and rushed temporary repairs so that the Valley classic could be held as scheduled. Repair work was handicapped by the most severe weather ever experienced, with the thermometer ranging from 29 degrees to 42 degrees below zero throughout the week. The attendance, however, exceeded 8000 and the agricultural, 4-H club and industrial exhibits were the best in years. The varied educational program established a new standard of excellence for these important mid-winter meetings.

The Winter Shows Board of Managers, composed of representatives of the various cooperating organizations, will coordinate the activities of the week. Superintendent A. A. Dowell is president of the board, while John Saugstad is business manager. Other members include F. A. Green, Stephen, Red River Valley Livestock association; C. M. Pesek, secretary of the Red River Valley Dairymen's association; R. S. Dunham, secretary of the Red River Valley Crops and Soils association; H. A. Pflughoeft, Boys' and Girls' 4-H Club work; C. L. McNelly, St. Paul, district county agent leader; E. W. Spring, secretary of the Red River Valley Development association; representatives of the Crookston Association of Public Affairs, and Harold Thomforde, secretary, Northern Minnesota Poultry association.

#### RUSSIAN AGRONOMIST

##### VISITS STATION

A. S. Essipov, chief of the plant breeding division of the Soviet government, and J. N. Pincus, interpreter, visited the Northwest Experiment Station August 22 to inspect the station plots and visit wheat fields on representative farms of this region. The visitors were particularly interested in Thatcher wheat and purchased several carloads from Red River Valley pure seed growers for export to Russia.

Last year, Herman Skyberg, '16, Fisher, past president of the Red River Valley Crops and Soils association, sold the Russian government twenty-five bushels of Thatcher wheat for preliminary testing. Recent purchases will be used to expand the acreage seeded to this variety next year.

Professor R. S. Dunham, agronomist, accompanied the Russian delegation in their tour of inspection of wheat fields in this community.

#### HOME COMING

##### PLANS COMPLETE

(Continued from Page 1)

expected to re-visit classes and to participate in the snappy Homecoming assembly scheduled for 11:30. Members of the two football teams and their coaches will be introduced. Contributing to the assembly program will be a skit in which faculty and students will participate.

The kickoff for the football game is scheduled for 2:30. The Northwest Aggies will be out to avenge last year's defeat at Morris and to regain possession of "Ossie," the wooden pig which is the football trophy between the two schools. "Ossie" will occupy a promi-

ment spot on the sidelines during the game.

The alumni dance and party in the evening will conclude the festivities.

Advance reports indicate that alumni from all parts of northwestern Minnesota and many parts of North Dakota will attend. Northwest School alumni now attending the University of Minnesota are planning a Homecoming migration from Minneapolis and St. Paul to Crookston.

Faculty committees charged with responsibilities connected with Homecoming are: **Decorations:** Senior Hall, W. D. Rusk; Stephens Hall, Wm. Promersberger; Robertson Hall, Miss Retta Bede; Physical Education and Athletic Field, Miss Elsie Kingston and Mr. A. M. Pilkey. **Sale of Tickets:** T. M. McCall, A. M. Foker, D. C. Streeter, Miss Fae Hughbanks, Miss Elsie Kingston, Miss Lydia Dahlen Mr. Howard Myster. **Assembly:** R. S. Dunham, J. W. Mlinar, Miss Dorothy Smith, Miss Katherine Hennig, Miss Grace Warne, **Cheers and Songs:** D. C. Streeter, J. W. Mlinar, Miss Elsie Kingston, Miss Marian Nelson. **Banquet:** E. R. Clark, Miss Retta Bede, O. M. Kiser. **Dance:** A. M. Foker, Miss Grace Warne, Miss Lois Lohn. **Party:** Miss Katherine Hennig, D. C. Streeter, Miss Fanny Lippitt, Howard Myster.

#### GANDRUD INVENTS MEASURING DEVICE

Ebenhard S. Gandrud, '24, Pipestone County Agent, has perfected a new device for use in measuring farm land. Early reports indicate that it is proving especially valuable in connection with the soil conservation program.

The following comment regarding Ebenhard's invention appeared in the August 1 issue of the Pipestone County Star:

"A new land measuring instrument known as the 'Gandy,' which is now being placed on the market, is the invention of County Agent E. S. Gandrud of Pipestone. It is a combination one-rod measuring wheel and protractor stand, devised by Mr. Gandrud especially for use in soil conservation program compliance checking, but having also a general field of usefulness that will no doubt create a permanent demand for the new instrument. Application has been made for a patent.

"The measuring wheel, exactly one rod in circumference, is constructed of metal tubing, and while rigid, is light in weight. It operates accurately over rough, loose or hard ground, and is not affected by weeds or stubble. The revolutions of the wheel are recorded by a small cyclometer, and the measurement being in rods, office calculations are simplified. The device has been approved by the Minnesota State Soil Conservation committee."

#### DAIRYMEN HOLD CONVENTION

The thirty-third annual convention of the Red River Valley Dairymen's association was held in Crookston October 14-15. A feature of the banquet and general get-together, which marked the opening the convention, was

the presentation of a plaque and enlarged photograph to officers of the Gary Cooperative Creamery which was the first cooperative creamery to be organized and operated continuously in the Red River Valley. This creamery was organized May 5, 1895 and hence has been in continuous operation for over forty years.

The closing day was devoted to a business meeting, speaking program, and the presentation of awards to winners of the various contests. Speakers included Congressman R. T. Buckler who discussed "National Butter Legislation;" L. A. Gibson, Dairy Commissioner, Winnipeg, Canada, "Dairying and Dairy Manufacture;" G. A. Vacha, Chief State Bacteriologist, St. Paul, "The Preservation of Foods;" Honorable J. H. Evans, Deputy Minister of Agriculture, Province of Manitoba, Winnipeg, Canada, "Agricultural Progress in Canada," and R. A. Trovatten, Commissioner Agriculture, Dairy and Food Department, St. Paul. Other features included 4-H club demonstrations, butter judging contests for men and women, and entertainment provided by the Crookston Association of Public Affairs. C. M. Pesek, secretary of the Dairymen's association, reported a new record entry in the butter scoring contest.

#### NEW STAFF MEMBERS APPOINTED

Two new staff members were announced at the opening faculty meeting of the year. Mr. Donald C. Streeter was appointed to succeed Mr. C. H. Ritzman as coach of debate and instructor in advanced subjects, while Mr. Howard S. Myster was appointed to fill a new position in the business training department.

Mr. Streeter took his first two years of college work at Huron College, Huron, South Dakota, and completed his course at the University of Minnesota in 1933. He carried a major in speech, with minors in English and history, graduating with the degree B.S. in Education. Following graduation, Mr. Streeter was employed one year as instructor in English and speech at Hanska, Minnesota, and two years at Grotton, South Dakota. He devoted the past two summer vacations to graduate study at the University of Iowa.

Mr. Myster is a graduate of the Dakota Business College, Fargo, North Dakota, and of the University of North Dakota Commerce School. Upon completing his college course he served one year as instructor in the McIntosh Business College, Dover, New Hampshire, followed by five years practical work as an auditor with Ernest and Ernest and other concerns in Detroit, Michigan.

#### FIRST SUPERINTENDENT SPEAKER AT ASSEMBLY

Mr. T. A. Hoverstad, superintendent of the Northwest Experiment Station from the time it was established in 1895 to 1905, was the guest speaker at the regular assembly on October 15. Mr. Hoverstad described the appear-

ance of the Station farm when he first walked out from Crookston to assume his new duties on July 1, 1895. At that time, the farm was a low-lying, swampy piece of prairie land, which gave little promise of developments that took place in later years.

The act authorizing the establishment of the School of Agriculture at the Experiment Station was passed by the State Legislature in 1905, while Mr. Hoverstad was in office; but the school did not open its doors until the fall of 1906.

## PERSONALS

Northwest School alumni now attending the University of Minnesota held a get-together on Saturday evening, October 3, at the home of Mr. and Mrs. Noel Hanson, St. Anthony Park, St. Paul. Among those in attendance were the following: Margaret Lerud, Alyce Hanson, Bertrum Johnson, William Sitko, Torlie Boe, Stanley Alseth, Earl Lindberg, Harry Tangen, Mr. and Mrs. Martin Odland, and Ray Mykleby.

Miss Violet Lundberg, '26, Kennedy, has accepted a position as nurse at the Passavant Memorial Hospital, Chicago, Illinois.

Professor A. M. Foker and family attended the Minnesota-Nebraska football game at Minneapolis Saturday, October 10.

Northwest School graduates who are attending higher educational institutions this fall are: **University of Minnesota**, Minneapolis and St. Paul: Harry Tangen, Earl Lindberg, Stanley Alseth, Torlie Boe, William Sitko, Margaret Lerud, Alyce Hanson, Bertrum Johnson, Noel Hanson, Raymond Mykleby, Richard Holmgren, Elmer O. Johnson, Edwin Widseth, Evelyn Bierbaum, Glenn Ellinger, Allan Hoff, Margaret Gault, Emory KenKnight, Donald McCall, Martin Odland. **North Dakota State Agricultural College**, Fargo: Kenneth Albertson, Harry Fink, Wayne Bellamy. **University of North Dakota**, Grand Forks: James Burns, **Concordia College**, Moorhead: Olive Steen, Ellsworth Bolstad, Oscar Moll-drem, Paul Thorson. **State Teachers College**, Moorhead: Kenneth Gaare, Arthur Grove, Rose Naplin. **St. Olaf College**, Northfield: Theos Morck. **Hamline University**, St. Paul: George Roisum, August Thorkelson. **Cornell College**, Mt. Vernon, Iowa: Virginia Bede, Marjorie Bysom. **State Agricultural College**, Ames, Iowa: William Lindberg, Jr.

#### Marriages

Miss Verna Gronner to Halbert Johnson, '30, Underwood, on Friday evening, September 18, at Underwood. They will make their home at Swift.

Miss Angela Filipi '31, Angus, to Mr. Alfred Pasbrig of Grand Forks, on Saturday afternoon, September 26, at Grand Forks. They will make their home at Grand Forks, N. Dak.

Miss Lorraine Fick to Wilfred Wellbrock, 1934-35, Fergus Falls, on October 14, at Fergus Falls.
