Northwest School News

Nine issues published annually by the Northwest School of Agriculture, University of Minnesota, Crookston. Entered as second class matter.

December 2, 1916, at the Post Office at Crookston, Minnesota, under the Act of August 24, 1912.

VOLUME XXIX

CROOKSTON, MINNESOTA, AUG.-SEPT., 1945

NUMBER 6

Fall Term Will Open **October First**

The fortieth year of the Northwest School of Agriculture will open on October first with an expected enrollment of 400 students. The enrollment at the school has been fixed by the capacity of the school dormitories and the few rooming places in Crookston. More than one-hundred prospective students have been turned away from the school this year because of a lack of rooming facilities. The new dormitory for girls, provided for by legislative appropriations, may get under construction early in 1946 and provide housing relief some time during the next school year. A number of students have secured rooms with friends and relatives in Crookston. Several homes with rooms to rent have been registered with the school. Off-campus rooming houses, to be recommended by the school, must comply with University housing regulations.

The new dormitory for girls, when completed, will release a much needed classroom in Home Economics building and allow space for expansion in the music training.

Women day-time supervisors have been secured for all dormitories this year. Mrs. Oline Ness will return as a day-time supervisor of Robertson Hall, Mrs. Alice Baker of Red Lake Robertson Falls and Mrs. Rose Gackowski of Duluth have been secured as supervisors for Stephens and Senior Halls respec-

Considerable painting and improvement work has been done on school buildings during the summer months. A shortage of skilled workmen kept down the amount of building improvement work planned,

The cost of board at the school had to be increased for the year beginning on October first. Board rates were increased to \$18 for each four weeks, an increase of six per cent to cover an average of 16 per cent increase in wages to dining hall employees to make wages conform to the new standard set for state employees. The cost of room rental of \$1.25 per week per stu-The cost of dent will remain the same as in former

New and essential equipment has been secured for shop work in the agricultural engineering department and in physics and chemistry. Extensive additions have been and are being made to the planting stock in the Station greenhouses.

The major improvement to be completed by the opening of school is the track, cyclorama and front curtain installations in the main auditorium. The present front stage curtain and the cyclorama, memorials of the classes of 1923, 1924, and 1932 will be replaced with a maroon velour stage curtain, a

(Continued on Page 2, Col. 1)

Football Prospects Bright

With eleven football lettermen returning to the Northwest School and many promising new players expected, the chances of having a good football team in time for Conference games are very good. The Aggies suffered a loss of eighteen lettermen through graduation, military service and labor de-mands; however, the eleven returning veterans will make a good nucleus for the 1945 team. Coach H. Lysaker has warned all returning lettermen that places on the team will have to be earned and that new men will give them a lot of competition for their positions.

The practice schedule for football as outlined by Coach Lysaker begins efficially with sessions scheduled for 10:00 a. m. and 3:00 p. m. on October first and afternoon practices thereafter. Players are urged to get themselves in good physical condition before the opening of school so that only a mini-mum of time will be lost with sere

Football lettermen returning include: Co-captains Menford Brekke and Jack Blom, Melvin Capistran, James Muzzy, Wayne Cameron, Alden Peterson, Curtis Simmons, Roy Green, Phillip Halliday, Raymond Lien, and Raymond Johnson.

Dr. Olaf C. Soine Succeeds R. S. Dunham As Agronomist

Dr. Olaf C. Soine, a research assistant in the Division of Soils of the Minnesota Experiment Station, St. Paul, has

been secured as Agronomist at the Northwest School and Station to succeed R. S. Dunham. Dr. Soine majored in Soils and minored in Agron-omy in his graduate work at the University of Minnesota where he received his Master's degree in 1937 and his Doctor of Philosophy degree in 1945. His undergraduate work was taken at St. Olaf

O. C. Soine College where he received his Bachelor

of Science degree in 1932.

Dr. Soine has had some nine years of experience in crops and soils survey work in Minnesota and during the past three years has been Research Fellow in the Division of Soils at University Farm, St. Paul.

He is a member of the professional societies of Sigma Xi and Gamma

Dr. Soine assumed his new duties at the school and station on September Dr. and Mrs. Soine and their two daughters, Kathleen and Barbara, will reside at the Northwest School campus.

Northwest School Teaching Staff For 1945-46 Announced

The list of members of the Northwest School teaching staff for 1945-46 and their respective departments, announced by Superintendent T. M. McCall, include the following: McCall, farm marketing; E. N. Reiersgord, registrar and mathematics; Olaf C. Soine, agronomy; A. M. Foker, H. W. Soderburg and William Barron, agrisoderburg and William Barron, agricultural engineering; O. M. Kiser, animal husbandry; A. M. Pilkey, poultry; O. C. Turnquist, horticulture and forestry; Margaret Larsen, Audrey Linde, Jeanette Peterson and Marie Fast, English, speech and dramatics; Retta Bede, Verna Stokke and Bernice Frohreich, home economics; Winnifred Erickson, Ruth Emerson and Jeanette Freterson, Ruth Emerson and Jeanette Feterson, music; Herschel Lysaker, E. Ennnett and Clarence Blatchford, thysical education; Fae Hughbanks, business training; A. O. Nordvold, scince; Dr. R. O. Sather, school physician. The position of school nurse will be filled by October first.

Homecoming And Alumni Reunion, October 27

The date for Homecoming and Alumni Reunion at the Northwest School has been set for Saturday, October 27. The Alumni Association, at the 1944 meeting, voted to hold its reunion and annual meeting in conjunction with Homecoming for the duration of the

The football game scheduled for Homecoming will be Walsh County Aggies from Park River, North Dakota, vs Northwest Aggies. The lifting of travel restrictions permits the North Dakota school to resume athletic relations with the Minnesota Agricultural School Conference.

Plans for Homecoming will be worked out by special faculty and student committees and these plans will be an-nounced in the October "Northwest School News."

Parents' Day And 50th Anniversary Program Planned

The date of November 3, originally set for Parents' Day and the observance of the 50th anniversary of the founding of the Northwest Experiment Station, may be postponed until later in the month of November. The date may be changed in order to secure President J. L. Morrill, Dean C. H. Bailey and other speakers for the anniversary program. Features of Parents' Day will be the home project show, meeting of the Northwest School Parents' Association, dinner for parents in the dining hall, and anniversary program.

Fall Rains Cause Crop Losses

Heavy fall rains falling during the week of September 6 to 12 have caused considerable loss to unthreshed grains and potatoes in the Red River Valley. Precipitation, varying from 3 inches in the Crookston area to 8 or 9 inches in Kittson and Roseau counties, has flooded fields in the poorly drained areas to the extent that many crops cannot be harvested until after the ground is frozen. The high water table in the soil will stop fall plowing of land in many areas.

Favorable threshing weather prior to September 6 enabled many farmers to get much of the grain threshed or combined. Even though the harvest was delayed by late seeding, yet much more of the crop was saved than was

the case in 1944.

Continued losses from excessive rains in the Red River Valley will continue until better surface drainage can be secured. When water is standing on the fields is a good time for a farmer to map out a surface drainage system. By placing a series of stakes now in lines where surface drainage can be secured, the farmer can then plow out dead furrows to mark the ditch lines. The later work needed to make an effective surface ditch depends on the depth of ditch required. Blade graders can be used to widen and deepen the surface ditches where the land is flat; however, for the deeper cuts. scrapers such as fresno, tumble bug and other types should be used in such a way that the fill is made in the lowest holes. Fields surface-ditched in the fall so the war can run off into the road or drainage ditches should be early fields for seeding the following

Comprehensive surveys should be made of new drainage areas before new drainage ditches are located.

In Memoriam

Pvt. Roy E. Morvig of Shevlin, a student at the Northwest School in 1941-42, was killed in action in Czechoslovakia on May 5, 1945. Roy was inducted into the army on November 15, 1944, and was sent into action in Germany on April 28, 1945.

Roy was active in 4-H club work and was the winner of a Sears, Roebuck and Company scholarship at the North-

west School.

Memorial services for Roy were held at Shevlin, Minnesota, on August 12.

FALL TERM WILL OPEN OCTOBER FIRST

(Continued from Page 1) gold olio curtain, and an entirely new cyclorama installed on a new arrangement of tracks.

Excellent Assembly Programs Assured Oct. 3 And 7

Mr. George Grim of the editorial staff of the "Minneapolis Star Journal and Tribune" has been secured to give the opening address on the school assembly programs at the Northwest School. He will speak on Wednesday, October 3. Mr. Grim visited all of the battle fronts of World War II during hostilities and the European theater since Germany's surrender. He will give a firsthand picture report on the war and prob-lems of maintaining world peace.

Faculty members of the music and English departments will present a program on Sunday evening, October 7, at 7:30 v. m. in the Northwest School auditorium. Members of the music staff who will appear on the program in-clude the Misses Winnifred Erickson, instructor in voice; Ruth Emerson and Jeanette Feterson, instructors in piano. Staff members from the English department who will take part on the program include the Misses Margaret Larsen, Audrey Linde, and Marie Fast.

ROBERTSON HALL Dormitory for girls; accommodations for 96 girls (75% of girls enrolled).

STEPHENS HALL The largest boys' school dormitory; (for under classmen).

SENIOR HALL Boys' dormitory for upper classmen.

Interesting Entertainment Programs Scheduled

Lyceum attractions, feature films, football games, cross-country meets, school and class parties have been scheduled as extra-curricular entertainment events at the Northwest School for the fall term of school beginning on October first. Six lyceum attractions, with three each term, have been booked with the University of Minnesota Department of Concerts and Lec-Three to four feature films will be shown each term. There will be two all-school parties, two dances and parties and class parties during the school term as Saturday night entertainment features.

In addition to the week-end entertainment features, a Sunday program is planned for each week. The Sunday program provides for Bible study with the Y. M. C. A. and Y. W. C. A. groups at 8:45 a. m. and the joint meetings at 7:39 p. m. in the school auditorium with churches pastors of Crookston

• The schedule of leading events for the fall term includes: October 1— egistration of freshmen and juniors; October 2-8:00 a. m. to 12:00 noon, registration of Seniors and Advanced; :15 p. m., regular classes start; October 3, 7:00 p. m., boys' pow wow and irls' frolic; October 6, joint Y. M. and 7. W. C. A. reception and all-school arty, gymnasium; October 10, football, Warren vs. Northwest School, 3 P. M.; October 13, football, Crookston Cathedal vs Northwest Aggies; outdoor festiral and picnic supper; October 20, footval and picnic supper; October 20, football, East Grand Forks vs Northwest Aggies, here, 2 P. M.; movie, 7:30 P. M. October 24, lyceum program, Doris Eaton Mason; October 27, football, Homecoming game, Walsh County Aggies here, 2:00 P. M.; Homecoming lance and party; November 2, football, Prookston Central vs Northwest Agies; November 3, Parents' Day and 0th Anniversary program, 9:00 a m oth Anniversary program, 9:00 a. m. o 5:00 p. m.; lyceum program, Sperndeos, 7:30 p. m.; November 10, footall, West Central vs Northwest Aggies t Morris; November 11, Memorial Sert morris; November 11, Memorial Serice program, 11:30 a. m.; November 29, hanksgiving; December 8, lyceum proram, Howell Glass Blowers; December 5, Interclass song contest; December 21, closing day of fall term.

Mars Barley Produces Good Yields

great deal of interest has been manifest in the production performance of some of the new varieties of cereal rops which are now in the process of being increased and released to grow-ers. Mars barley has been the center of interest of the new releases from the Minnesota Station. First reports from growers, who received 7 bu. lots last spring under contract, are now coming in to the Experiment Station. The reports indicate that from 17 to 70 bu. have been produced from each bushel of seed planted. The yields of Mars barley from two increase fields at the Northwest Station were 51.3 and 41 (Continued on Page 4, Col. 2)

New Staff Members Announced

Miss Winnifred Erickson of Litchfield. Minnesota, has been appointed as in-structor in music at the Northwest

Miss Erickson

School to succeed Miss Georgene Han-Miss Erickson graduated, with distinction, from the University of Minnesota, class of 1944, in music education. While in the University, she was a member of the University Symphony Orchestra and University Chorus. Miss Erickson was

instructor in an high school vocal music at Spooner,

Wisconsin, last year. She will have charge of all vocal music, band and orchestra at the Northwest School this year.

Miss Jeanette Peterson of New Ulm, Minnesota, has been appointed as in-

Miss Peterson

structor in English II and music. This position was held by Mrs. Marcille Goldsberry during the winter term last school year. Peterson, a class-mate of Miss Ruth Fast, is a graduate of Hamline University, class of 1944. Miss Peterson, an honor student at Hamline University, majored in both English and music.

Her work in music at the Northwest School will be confined principally to piano instruction. Miss Peterson has had one year's successful teaching experience at Dassel, Minnesota.

Mr. Alvin O. Nordvold, former instructor and band director at Warren, has been appointed instructor in Science at the Northwest School to succeed A. O. Naplin. Mr. Nordvold, a member of the Engineers' Combat Battalion of the 15th Army, just received his discharge from the Army at Camp

McCoy, Wisconsin.

Mr. Nordvold, a graduate of St. Olaf
College in 1932 with a B. A. degree, has taken graduate work in music at the University of Southern California and received his B. M. degree from Minneapolis College of Music in 1937. He has had seven years of successful teaching experience and were instructed. teaching experience and was instructor in Science and band director at Warren from 1939 to 1942.

Mr. and Mrs. Nordvold and son Duane will live at Stephens Hall where Mr. Nordvold will be supervisor of the dormitory for boys.

DEATHS ***Lester Knutson, formerly of Ash-by, died on April 17 at his home in Fergus Falls, Minnesota. He graduated from the 3-year course at the North-west School in 1938.

Two Flower Shows

Held In 9th District

The Ninth District Minnesota Horticultural Society held two district flower shows during the summer. The first show was held at New York Mills on August 17 and the second show was held on August 18 at Roseau. The committee on arrangements for the regional shows consisted of C. M. Pessek, president of the Ninth District Horticultural Society of Crookston, L. H. Oftedahl, Halstad; O. C. Turnquist, secretary, and T. M. McCall of the Northwest School.

Dr. Leon Snyder, extension horticulturist of University Farm, St. Paul; O. C. Turnquist, and C. M. Pesek appeared on the program at New York Mills and Roseau. R. A. Trovaaten, commis-sioner of the State Department of Agriculture, was a speaker at the New York Mills program.

The Pesek trophy, awarded annually to the individual with the highest score on exhibits for the entire ninth dis(Continued in Col. 3)

MARS BARLEY PRODUCES GOOD YIELDS

(Continued from Page 2) bushels per acre. Wisconsin 38 barley, in an increase field comparable with Mars on fallow, produced an identical yield of 51 bushels per acre. Compar-able samples of 200 bushels of both Mars and Wisconsin barley are being sent from each of the three branch Experiment Stations in Minnesota to maltsters for a comprehensive malting test this year.

The Experiment Station has released the 1945 growers of Mars barley from their grower's contracts. The variety can now be secured from growers at a contract price of \$3.00 per bushel. Limited quantities of seed can be secured from the Experiment Station for 1946 planting. A list of Red River Valley growers of Mars barley is being prepared for distribution by O. C. Soine, agronomist at the Northwest School.
